

2017 REPORT TO INVESTORS

MOVE MOUNTAINS

Letter from the leadership

Dear friends:

The work we are doing at Arapahoe Community College is making a significant impact in our community. In a time when the news from around the world is not always uplifting, we are proud to be an enlightening force in our region and beyond. We are honored to share our annual report for our 2016-2017 fiscal year.

- In July 2016, ACC received gifts of training equipment and more than 10,000 hours of annual clinical placement for the EMT and Paramedic students of Colorado from HealthONE and Swedish Medical Center. This allows ACC to offer **one of the most comprehensive EMS education programs in Colorado!**
- In September 2016, ACC was **ranked eighth** on *Washington Monthly's* "Best Colleges for Adult Learners – 2 Year Colleges" list for 2016!
- In January 2017, ACC announced the construction of a **\$40 million campus on a 14-acre site in Castle Rock**, estimated opening in fall of 2019. **The Collaboration Campus** will bring together education, business and the community to create a unique resource for delivering seamless education and workforce training. Educational partners **Colorado State University and Douglas County School District** will articulate with ACC to create a smooth pathway from high school diploma to Associate degree to Bachelor degree.
- In March 2017, ACC student and ACC Foundation scholarship recipient Leah Porter was selected as a 2017 **Coca-Cola Community College Academic Team Gold Scholar!**
- In May, 2017 we celebrated our **50th commencement ceremony!** For over 50 years we've been honored to help students move mountains and positively impact their families, their work place and their communities.

The mission of the ACC Foundation is to develop and leverage strategic partnerships for financial support of teaching and learning at ACC. Thanks to our very generous supporters and partners we had a very successful year. There is no doubt that ACC students need this financial assistance. In **2017 a total of 1,335 students** applied for scholarship support. We were able to award an unprecedented **\$504,572 in scholarships to 329 hardworking and deserving students**. A large part of this was due to the **Colorado Opportunity Scholarship Initiative's** matching grant and your investments to pull down the match.

We had the honor to accept donations from hundreds of individuals, businesses and foundations. Many who have been investing in ACC for years! We also had the pleasure of creating a number of named scholarships from new friends including: **Todd and Elisa Mata** who established the **Clue Room Business Student and Clue Room STEM Scholarship**; **Joe Roos** and the **Hide in Plain Sight Scholarship**; the **Corn Family** who established the **Linda Corn Memorial Scholarship**; **Terry and Charlotte Quarton** who established the **Quarton Family Nursing Student Scholarship and Quarton Family Automotive Student Scholarship**; and **Fred Dare** and the **Harmony #61 Masonic Lodge Scholarship**.

We hope you will take a moment to read through some of the notes from our scholars in this report. They are beyond grateful for what you have done for them. We know that they will continue to put forth the effort to graduate or transfer because of the opportunity you've provided.

Thank you,

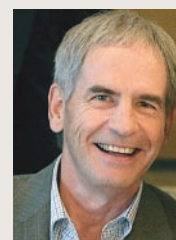

Diana M. Doyle, Ph.D

ACC scholarship recipients

From the Heart

Thanks to your generosity, our students' lives have been changed. ACC scholars are more likely to earn higher GPA's than non-scholars; take more credits, moving them towards graduation sooner; persist semester to semester; seek tutoring or other support services; complete their degree or certificate; and/or transfer to a four-year institution. The following pages contain the heartfelt words of appreciation directly from our scholars.

Thank you so much for your generosity in funding the Parker Artists Guild Scholarship. I am so very grateful and honored to be a recipient of your award again this year.

I have continued to maintain a 4.0 GPA and was inducted into Phi Theta Kappa Honor Society. I am proud to report that I was hired by a small printing company to be their graphic designer. Because I've taken my education seriously, learning all I can, I was able to get this position. It has been a tremendous learning opportunity. One of the most challenging aspects of this career path is getting the experience all employers want. Because I was able to get this job, I am enhancing and practicing everything I learn in school and am well on my way to being highly competitive in the job market. I continue to look for extra opportunities to apply my knowledge and skills outside of class assignments and work, such as entering design competitions, to gain even more experience.

Receiving this scholarship is a blessing. It motivates and encouraged me to work hard and do my best while maintaining my GPA, and to finish my degree. I love studying Graphic Design and I am so excited to finally be working in a career that utilizes my artistic skills.

Thank you so much for your confidence, support, and willingness to help me achieve my goals, and to be successful in improving my life.

Sincerely and in gratitude,
Hollyn Stegall Class of 2018

It is now near the end of spring semester and final exams and papers have been occupying the majority of my time. It was such a wonderful surprise to see the email from the Arapahoe Community College Foundation regarding the Board of Directors scholarship this past week. I

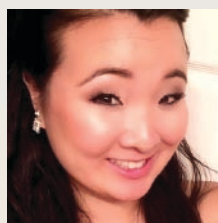

am so appreciative to the Foundation and have one less worry knowing that I can look forward to some additional help with my tuition this year.

In past semesters, I had been limited in the number of classes I could take due to finances. This past semester has been my first time I could take a full load of classes. While it has been a busy semester, I have enjoyed the learning process immensely. Knowing that I can once again increase my course credits and take more classes this fall semester is extremely motivating.

I want to say that I am deeply grateful for the additional help that this scholarship provides. I plan to continue to "pay it forward". This summer will present me with some opportunities to continue to volunteer with both The Food Bank of the Rockies and We Don't Waste which help the disadvantaged in our community. I plan to continue to see out similar opportunities to volunteer my time and give back to our community.

It is with heartfelt appreciation that I thank you again for this award that will go a long way in helping me to achieve my goal of completing a degree in nutritional science.

Sincerely,
Brandi L. Baldwin Class of 2017

It is with great joy and gratitude that I accept your scholarship. Working full-time as a single mother, it has been difficult providing adequately for my daughter. Because of your generosity, I will be in a much better position to meet my financial obligations during my fall semester and for that I will be forever grateful.

I am excited for this journey ahead of me and working towards creating a brighter, more stable future for my family. I have always had a strong passion for "fighting" for equality and what is right. The Paralegal program at Arapahoe Community College will be challenging yet intriguing and I look forward to all that it has to offer. After completing the program, I plan on working in family or civil rights law. I hope to someday be in a financial position where I am able to give back, just as you do.

Thank you again for this opportunity and selfless contribution.

Cordially,
Jennifer Soo Johnson Class of 2018

ACC scholarship recipients — *continued*

I am very excited to find out that my hard work is being recognized and wanted to thank your team for this special opportunity. I want to study as hard as I can and make a change in the information technology industry. Thanks to your team, this scholarship will make things easier for

me as I plan to transfer into a university for my bachelors and need funds for it. I am currently attending Arapahoe Community College to get my associates in computer information systems and am a first-generation college student with financial need.

I am currently going into my second year of college this upcoming fall and am taking summer classes currently. Over the course of my first year in college I started an unpaid internship volunteering for Health One care in the IT department. I am still doing volunteer work for Health One care and getting as many hours of knowledge and experience that I can get

Again, I really appreciate this opportunity that came my way and can't thank your team enough for choosing me as a contender. This scholarship will be a big helping hand for my transfer to a university here soon. Being a first-generation college student I want to make my family proud and make sure I make something big of myself. Thanks to you guys, that may be possible now that I have an opportunity of receiving funds to advance my education, Thank You!

Sincerely,
Azmeer Faheem Class of 2018

I would like to thank you on your time and generosity that you have granted, allowing for a great opportunity ahead of me! I am honored to receive this scholarship this semester and truly grateful to you. I am going to be attending my fourth semester at Arapahoe Community College in the Spring of 2017, working towards my Associates in

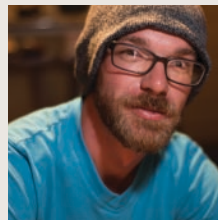

General Arts. My long term goal is to earn a degree in creative writing and become an author for teen, new age, and adult novels and literature.

I have been writing since I was very little and before I knew how to spell. Telling stories has always been a passion of mine.

I also plan to take writing workshops to long-term care patients at children's hospitals and organizations because I feel, very strongly, that children's voices are the most profound voices in this world. I have also been writing a novel and hope to find a publisher soon.

Thank you again for your generous donation and this wonderful opportunity!

Frankie Smith-Angell Class of 2017

To the men and women who make this award possible,

I would like to take a moment to humbly say thank you for your altruistic approach when funding the 5280 Solutions Scholarship. I am genuinely appreciative and honored to have received the award.

I am attending school as an adult learner, studying Computer Information Systems with an emphasis in programming. I have maintained a 3.93 GPA and have earned 45 credit hours completed so far. I am excited to complete my degree, as it is something I promised myself I would do when I was younger and did not have the opportunity to go to college. Now that I am nearing the end of my journey, I have begun looking ahead. What else can I accomplish that I never imagined possible?

Fix the internet, that's my plan. Well, the state of web design actually. We have hundreds of years of design theory to work with, and all of the technological tools to make browsing the internet a wondrous journey. Yet nearly every site I see is built on Twitter's Bootstrap CSS framework in one of three layouts... Boring! I plan on changing that. I believe I will graduate with the skills I need to start my own successful web design and development firm, intently focused on bringing an end to the conventions we think of when we hear the word "Website".

Receiving this scholarship has granted me a renewed sense of motivation to complete this degree program. When we near the end of any goal we often experience fatigue. But now I feel like a marathon runner receiving that last little cup of water before the finish line. It's the final stretch, and I am making long strides towards that ribbon.

Again, I would like to thank you for your confidence and good will in helping me to achieve my goals.

Humbly and sincerely,
Jakob D. Vendegna Class of 2018

ACC scholarship recipients — *continued*

I would like to take this opportunity to thank you from the bottom of my heart for your great generosity in funding the Foundation Board of Directors Scholarship. I am extremely honored to have been chosen to receive this award and I am very excited about the opportunities

that this scholarship opens up for me. I am currently a second year student studying Languages and International Relations at Arapahoe Community College. Ever since I was a child I have had a very deep passion for learning languages and settling conflicts, after living in the Israel for five years this passion has gone on to become my career goal. I am currently fluent In English and Hebrew and working on developing fluency in Arabic and German. This scholarship will be a play a very big part in helping me achieve my goals next semester as I will be able to cut down on the hours I work and spend more time studying and learning.

After finishing the Fall 2016 semester with a 3.75 GPA, I am very excited to join ACC's honor club in the spring. Once I graduate and receive my degree, I plan on working towards my goals of helping resolve conflict in the Middle East.

Thank you again for your generous contribution to the scholarship program at Arapahoe Community College. I look forward to meeting the Board of Directors and thanking everyone in person for the great opportunities you provide for us as students at ACC.

Sincerely,
Esther Bellinsky Class of 2017

I would like to take this opportunity to thank you for your generosity in funding the ACC Foundation Board of Directors Scholarship. I am extremely honored to be the recipient of this award.

I am currently an undergraduate freshman majoring in Business Administration Entrepreneurship, and my GPA is 3.73. I have completed 34 credit hours by taking classes as a part time student for the past 2 years. My goal is to complete my Associates degree here at Arapahoe Community College then continue on to the University of Denver to complete my Bachelor's degree, Master's degree, and ultimately conclude my double major with a Ph.D. in Psychology.

While attending school I have been involved with the President's Advisory Board, the Inclusivity & Diversity Council, as well as being a member of the PTK Honor Society. Since enrolling at ACC in January of 2015, I have maintained a position as a work study in the eLearning department. It is an honor, and a rewarding privilege to assist faculty and students with the D2L Learning Management System.

Receiving this scholarship motivates me to maintain my GPA and complete my degrees. I enjoy being able to give back to the community while completing my degrees.

I thank you for your confidence and willingness to help me achieve my goals.

Rick Root Class of 2017

Thank you so much for donating to the ACC Foundation Board of Directors Scholarship. This donation will help me in my ultimate goal of being a neonatal nurse. I am humbled and honored to accept this scholarship. I am in my third semester of my associate's degree in

nursing at Arapahoe Community College and this scholarship will greatly help me finish the remainder of my degree.

I have a 4 year old son who was born with severe asthma. Due to this being undiagnosed we spent over a month in the Children's Hospital in Denver with my son on a breathing tube in an induced coma. The nurses and doctors there saved my son's life. I knew then and there that I wanted to provide the same care for others that my family received.

I currently work as a CNA at HealthSouth Rehabilitation Hospital in Littleton. I work part time to try and help pay for nursing school on top of normal life expenses. My time there has shown me that I made the right decision to pursue a career in nursing. I love helping others in a time of need.

Your generous contribution to the ACC Foundation Board of Directors Scholarship is greatly appreciated. It will go a long way to helping me fulfill my dream.

I look forward to meeting you at the reception.

Thank you,
Anne-Sophie Curtis Class of 2017

ACC scholarship recipients — *continued*

I would like to take this opportunity to thank you for providing me with the Western Welcome Week Scholarship! I am extremely honored to be a recipient of this year's award. Currently, I am a sophomore here at Arapahoe Community College, pursuing an A.A.S. degree

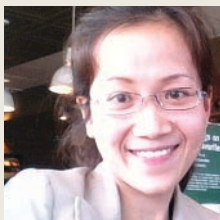

in Criminal Justice. Obtaining this degree will enable me to help and serve others while giving back to the community.

Criminal Justice has always been a part of my life journey. I began my journey in criminal justice when I joined the military in 2005. Here, I gained much knowledge and experience in collaborating with others and implementing tactics to ensure public safety. Today, I work as a 9-1-1 operator where I continue to learn and grow within the criminal justice field.

Once I obtain my A.A.S. in Criminal Justice, I plan on transferring to a four year institution where I can obtain my B.A. in Criminal Justice. Doing this will enable me to do more for my community, while working towards self-sufficiency for my family. Although this seems like a long journey, providing this scholarship has paved my path to success and I am forever grateful.

Thank you again for your generous contribution and your help in ensuring students such as myself have access to a great education that leads to life-long success.

With Gratitude,
Leah Jackson Class of 2018

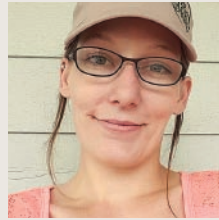

My name is Trang Khong, the recipient of Arapahoe Community College Foundation Board of Directors scholarship.

I just finished a busy semester with 12 credits in the classes that I thought I could never apprehend them. It was so happy to wrap up the semester with good grades; however, happiness is never everlasting. The whole month of December I cannot work as my baby sitter leaves the country. With such a difficult baby, I cannot rely on anyone else to take care of her. While I have been spending my whole day watching my baby, I really worry about the next month's bill. Your gift just comes in right at the moment I need it. Every tiny bit of your gratitude relieves huge loads on my shoulder. Every year, your gift always lights up my pathway.

From the bottom of my heart, I thank you for your generosity. I wish to know you in person so that I could come and give you all big hugs.

May you and your family have a successful New Year like I do!

Best,
Trang Khong Class of 2018

I would like to take this opportunity to thank you for your generosity in funding the Foundation Board of Directors Scholarship. I am extremely honored to be this year's recipient of the award. Currently, I am a freshman General Studies student with an interest in pursuing an Associate's of Nursing Degree, here at Arapahoe Community College.

I was a Licensed Psychiatric Technician for the state for 3 years, and Nursing has been my passion since I was very young.

I currently do not work and take care of my two beautiful children, but in my spare time I take my children and go volunteer at our local food bank and make meals for our local firefighters, my husband is currently a volunteer firefighter when he is not working.

Receiving this scholarship motivates me to maintain my 4.0 GPA and complete my degree. I look forward to being able to give back to the community once I being my career in Nursing.

After I obtain my Associate's degree of Nursing from Arapahoe Community College I plan on transferring to the University of Colorado at Colorado Springs to continue and obtain my Bachelors of Nursing Degree.

Thank you again for your generous contribution to the scholarship program at Arapahoe Community College. I hope that I have the opportunity to meet you in person at the college's scholarship luncheon this fall.

Sincerely,
Shayna L. Peck Class of 2020

ACC scholarship recipients — *continued*

I began attending Arapahoe Community College to pursue a double major in Electrical Engineering and Computer Science and am still on that same path. I have been able to expand my knowledge of many areas while at ACC including and, more importantly, my field of study. I joined the Colorado Space Grant club this semester and was able to learn more about engineering as a whole and it has fortified my drive to continue in this field and with my degree. I plan to stay at ACC through the following academic year and finish the series of calculus classes as well as other classes that will be necessary to transfer to a four-year institution, such as the University of Colorado, where I hope to attend after graduating with my associate degree. I will also stay in the DemoSat and Robotics clubs while in school next year and try to take more of a leadership role. During this summer, I will be back in school and I plan on work as an intern with a company that is in the field I want to work in, giving me a hands on learning experience and in turn expanding my knowledge base, which I plan to incorporate while in school. Reliant on what classes I am able to finish and able to take this fall, I plan to graduate from ACC this fall.

Thank you for your time and consideration.

Solomon Sidhu Class of 2017

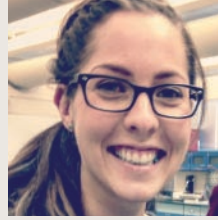

What a gift! Thank you so very much for your incredible generosity and kindness in funding the ACC Board of Directors Scholarship. I am truly humbled to be chosen for such a generous award.

I have just completed my first semester as a fulltime, "non-traditional" student, and was pleased to finish it with a 4.0. My goal is to apply for the nursing program next spring here at Arapahoe Community College. I know quite a few people who have graduated from the nursing program over the years and have only amazing things to say about ACC and all they have to offer!

I am beyond excited to have the opportunity to reach my life-long dream of becoming a pediatric nurse and helping children in their time of need. With your generous help and support through this scholarship, I am certain I will be successful in reaching that goal.

Thank you once again for your support of this amazing scholarship program and for selecting me as the recipient. Your generosity and funding will go a long way in helping me reach my goals and aspirations.

Sincerely,
Denise Beaman Class of 2020

I would like to take this time to thank you for your participation in the Arapahoe Community College Foundation Board of Directors Scholarship. I cannot express how grateful I am for your generosity towards Arapahoe Community College students. I feel incredibly privileged to have received this year's award. I am currently a nursing student in ACC's ADN program. As a late college student, I am grateful to have begun this journey.

I currently work at Craig Hospital, specializing in spinal cord and traumatic brain injury rehabilitation. I am a "tech" which is essentially a nurse aid with a focus on our specific patient population. I cannot wait to become a nurse and experience different patients and situations both in the hospital as well as outpatient.

Working at Craig provides several volunteer opportunities. Our therapeutic recreation department works on getting our patients back into the community. Whether that be as simple as a bus ride to the mall or a day boating at Cherry creek, we do anything/everything we can to involve the community. It is an extremely rewarding career I am looking forward to.

After Arapahoe's ADN program, I will continue my education with UCCS to obtain my BSN. Following that I plan to attend medical school. Due to the ever-changing nature of the medical field, my education will be a priority. It is imperative to stay in tune with all of the new techniques and advances, and therefore my education will be continuous.

I thank you so very much for considering me as the recipient to this amazing scholarship. I appreciate your generosity.

Sincerely,
Shelby Cell Class of 2017

ACC scholarship recipients — *continued*

I can't describe how thankful I am for this opportunity. Thanks to your generosity, I will be able to finish my associate's degree this summer without have to worry so much about the financial burden. I am so grateful to be a part of such a wonderful community that offers so much support and guidance to help students with their educational career. Throughout my time here at ACC I have had the pleasure for meeting some amazing people, and made friendships that will last a life time. I don't think I could have chosen a better place to begin my education.

As a mother of two small children, being a full-time student, and only working part time, there has definitely been a struggle financially. We have pushed through for the last two and a half years knowing that the outcome would be well worth the struggle. I can't wait until I can start my career and provide for my family the way I have always dreamed of. As I am one of the first people in my family to go to school, this is a pretty important goal of mine. I have made it this far already, and I know the end is just around the corner!

Again, I am incredibly grateful for the generosity and assistance you have provided me throughout my educational career. I honestly don't think I could have done it without your help. You are changing people's lives, one student at a time!

Sincerely,
Elizabeth Harold Class of 2017

It is with great pride and sincere appreciation that I accept the Technology Scholarship Award. Thank you so very much for extending this amazing gracious gift to my family and I!

I currently work in Criminal Justice Information Management, and have for the past 11.5 years. During this time, there have been significant increases in our use of technology, information sharing, and automated systems. With the growing use of technology, I realized a need to have a better knowledge base in computer information systems and the benefits they may offer. With this knowledge, I could assist with time management proficiencies and work performance enhancements for my Team and my Department. In addition, I plan to use my knowledge obtained through the assistance of this scholarship to ensure the technology we have put in place is being used to its highest purpose, and to help other agencies in my field to do the same.

Again, thank you very much for your assistance in making my educational goals attainable!

Respectfully,
Jennifer Degenhart Class of 2018

I just wanted to be able to thank you for this incredible kindness that you have offered upon me with your scholarship. I am honored to have been selected as a recipient, and will strive to be worthy of the recognition you have provided me. I also wanted to be able to tell you that I think it is amazing what you are doing for us students. Many of us, myself included, often have trouble being able to keep up with school, and keep up with our financial burdens. I am grateful not only for myself, but for all that you have done up to this point.

While I have just finished my first semester, and only have 14 credit hours completed, I am proud to proclaim that I am currently rocking a 4.0 GPA, a standard of which I intend to maintain throughout the duration my education at ACC, as my goal is to be accepted into the Massachusetts Institute of Technology to study computer science and artificial intelligence.

So to reach my goal, the degree I am pursuing here at ACC is an Associate of Science in Mathematics, with a focus on computer science. Furthermore, I have been actively involved in several school clubs, the most notable of which being the Honor Society, Phi Theta Kappa, which promotes academic excellence and community involvement.

Receiving this scholarship helps me stave off the cost of education, and makes it possible for me to devote my time to studying and become a more involved part of the community.

Thank you for your confidence and willingness to help me achieve my goals.

Sincerely,
James Vogenthaler Class of 2017

ACC scholarship recipients — *continued*

My name is Chaim Bellinsky and I am a recipient of the Hide in Plain Sight Scholarship. I am writing to express my sincere gratitude to you for making this scholarship possible. I was thrilled to learn of my selection for this honor and I am deeply appreciative of your support.

When I was fourteen I moved with my family to Israel. I attended a religious school in Israel all throughout high school, and dreamed of getting a formal secular education. As soon as I got the opportunity, I moved back to America with plans to go to college. I worked hard to obtain my GED and started classes this past semester at ACC. I am currently majoring in Graphic Design with hopes of opening my own firm. The financial assistance you provided will be of great help to me in paying my educational expenses, and it will allow me to concentrate more of my time for studying.

By awarding me this scholarship, you have greatly lightened my financial burden. This will help me find a stable place to live, and for that I am extremely grateful. Your generosity has inspired me to help others and give back to the community. I hope one day I will be able to help students achieve their goals just as you have helped me. Thank you for your investment in the future of students like me.

Sincerely,
Chaim Bellinsky Class of 2018

It is with incredible graciousness and appreciation that I write this letter. I am more than honored and humbled by your incredible generosity in offering me the Colorado Opportunity Scholarship. Thank you!

I am a Nursing Student at Arapahoe Community College with dual enrollment at Metro State University, where after completion of my RN, I will be moving onward and upward to complete my BSN. Currently, I am working at Jefferson County Public Schools in the Student Health Office as a Clinic Aide. It is here, and through the care of my four sons, that I have found my calling to help children in a health care setting. Through the aid of your scholarship, I will be able to attain this goal. Words cannot express fully how this feels, but please know, it feels absolutely fantastic!

This opportunity has not only offered me incredible faith in the future of my family, but will also help in the aid of so many other children that I will be able to help once I complete my degree program. I have full intentions of paying my gratitude forward through my actions as a nurse. Your contribution will never be forgotten.

Thank you, so very very much, in your generosity to improve our lives. It means the world to us.

With sincere gratitude,
Gina Petrini (and Chris, Kai, Mason, Giovanni & Jacobe)
Class of 2017

An Outstanding Year

Every year, the ACC Foundation hosts three signature events to raise funds to support the ACC Foundation mission. These include the Affordable Arts Festival, the Grapes and Hops to Grads Wine Tasting and Silent Auction, and the Promoting the Power of Education Scholarship Luncheon. Thank you for attending and supporting these events. The following pages contain photos from these successful and memorable moments.
