

Art Wine & Design Experiences

3D Scanning Experience

Welcome to the digital you! In this experience, we will be leveraging 3D scanning technology to create high quality color 3D models of yourself, your friend, or your family member. We will provide all the necessary technology along with a skilled technician to help capture your three-dimensional self-portrait. You'll walk away with a digital file that you can wow your family and friends or upload to use as an avatar.

Photography Experience

How long has it been since you've had a portrait made by a professional photographer? In this Experience, advertising photographer and ACC Commercial Photography Program Chair Brad Bartholomew offers a portrait session. You choose your experience: a formal or informal individual or couples portrait, or a professional business or social media portrait. You'll walk away with a professional studio portrait on a thumb drive and as an 8.5x11" print!

Ceramics Experience

In this session, participants will have the opportunity to get their hands dirty and unleash their inner artist as they paint and decorate unique pottery pieces. We provide all of the necessary materials, including a variety of ceramic pieces to choose from, paint, brushes, and aprons. Our experienced instructors will be on hand to guide participants through the process and offer tips and tricks for creating beautiful and unique designs. Whether you're a beginner or an experienced painter, this session is perfect for anyone looking to try something new and unleash their creativity.

Silkscreen Experience

Silkscreen printing is a fun and versatile method for creating custom designs on a variety of materials. In this workshop, participants will learn the basics of silkscreen printing while creating custom designs on canvas bags. The workshop will begin with an introduction to the silkscreen printing process, including how to create a stencil and properly apply ink to the screen. Participants will then print designs onto canvas bags using a variety of inks and techniques. Throughout the workshop, participants will receive hands-on instruction and guidance from an experienced instructor, ensuring that everyone leaves with a unique and professionally-printed canvas bag.

Jewelry Experience

Make and take with you a silver ring. Learn how to size, form, solder, and polish a ring. Enjoy creating and then walk away wearing a silver ring you made. This process can be done within 30 minutes from start to finish. A variety of patterned silver will be available.
