

The purpose of an institutional articulation agreement between Arapahoe Community College (ACC) and Colorado State University (CSU) is to identify the courses a student at a Colorado public community college must complete as part of an AA/AS degree to be guaranteed to be able to complete the designated baccalaureate degree program at any public four-year college and university (hereafter referred to as receiving institutions) that offers that program within the minimum number of credits designated by the Colorado Commission on Higher Education.

This program was created as part of an agreement with Colorado State University. The AA Accounting degree can either be completed as a 60 + 60 option, where a student completes the AA degree at ACC, and then transfers to CSU to complete the Bachelor of Science in Business Administration (BSBA) – Accounting Concentration, or it may be completed as a dual enrollment option, where the student jointly takes courses with ACC and CSU during certain semesters. Students interested in completing the AA degree as the 60 + 60 option may complete it at the following ACC locations: Littleton, Sturm Collaboration Campus at Castle Rock, or Online. Students interested in completing the AA degree as the dual enrollment option may complete it at the Sturm Collaboration Campus in Castle Rock only.
