

# Viewing Turnitin Feedback for Students

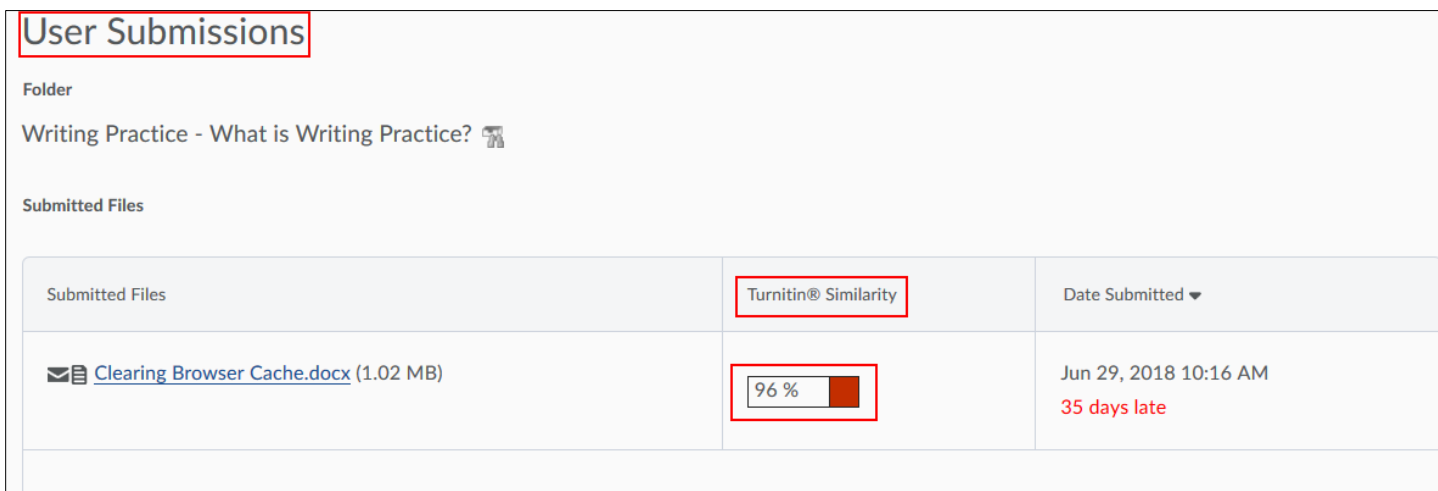

**Step 1:** Once your instructor has informed you that your assignment has been graded, go to **Assignments**

**Step 2:** From the **Assignment Folders** page, go to the assignment that was submitted to Turnitin. Go to the **Feedback** column and select **View Feedback**.

**Step 3:** Scroll down to **User Submissions**. Select the originality report icon under **Turnitin Similarity**.

**Step 4:** This will take you to the **feedback studio** inside Turnitin.

The screenshot displays the Turnitin Feedback Studio interface. At the top, the document title is "Clearing Browser Cache.docx" and the page number is "19 /20". The main content area shows instructions for clearing the browser cache in Mozilla Firefox:

- Step 1.** Open **Mozilla Firefox**.
- Step 2.** Now press **Ctrl+Shift+Delete** (Command+Shift+Delete on Mac), on the keyboard all together at the same time.
- Step 3.** Beside **Time range to clear:**, click on the arrow and select **Everything** from the drop down menu.
- Step 4.** Deselect everything except **Cache**.

A "Clear All History" dialog box is open, showing the "Time range to clear:" dropdown menu set to "Everything". A warning message states: "All selected items will be cleared. This action cannot be undone." Below the dialog, a "Details" section is visible with checkboxes for "Browsing & Download History" and "Form & Search History".

On the right side of the interface, there is a "Feedback Summary" panel. It includes a "Voice Comment" section with a timer (0:00 / 3:00) and a "Text Comment" section containing the text: "Overall good work. Please revise highlighted areas." Below the text comment is a score of "96" and a list of icons for various feedback actions.

Here you can:

- View general feedback on the right side of the screen.
- View specific comments in the text boxes that appear throughout your assignment.
