WHAT IS A PROFESSIONAL JUDGMENT?

Professional judgment involves reviewing your financial aid application when you or your parent or spouse experience a change in income or expenses that was not reflected on your 2021-2022 Free Application for Federal Student Aid (FAFSA). A professional judgment may be granted when changes in income or assets are significant enough to result in increased aid eligibility.

WHAT ADJUSTMENTS MAY BE CONSIDERED?

Adjustments may be considered for loss of income for the following reasons:

- Job termination, reduction of hours worked, or retirement
- Marriage, divorce, separation, or death of spouse after FAFSA filing
- Loss or reduction of taxable social security benefits
- Changes in child support or alimony paid or received
- Adjustments to parent income for non-discretionary medical, dental, or disability expenses paid during the tax year (must exceed 11% of the “Income protection allowance”)
- Other circumstances- please contact the Financial Aid office before submitting this appeal to determine if a professional judgment may be an option

HOW DO I REQUEST A PROFESSIONAL JUDGMENT REVIEW?

Complete a 2021-2022 FAFSA online at www.fafsa.gov. Then, complete this professional judgment form and provide **all** requested documentation as listed on page two. Additional documents may be requested later- **please be sure to check your student email account regularly.**

HOW LONG WILL IT TAKE?

Your professional judgment request cannot be processed until your original application for financial aid has been completed and verified. Please allow four to six weeks for processing the request after your original application has been processed and the required documentation has been received.

WILL I GET MORE AID?

If the professional judgment results in increased eligibility for aid, you may receive additional assistance. Adjustment to income, however, does not guarantee that additional aid will be awarded.

If you have lost income based on one or more of the following conditions, adjustment to your 2021-2022 FAFSA may be possible if your Expected Family Contribution (EFC) is not already zero. **If your EFC is zero, a professional judgment will not change your eligibility for need-based aid.** If additional documentation is needed, it will be requested via your school email address.

One important thing to remember is that once this application is submitted, your file will be verified to check your initial FAFSA information. This may result in a change to your current eligibility before the professional judgment is even processed. **Note: If you have circumstances that are not listed below, please contact the Financial Aid Office.**

The following documentation is required from all students:

- **A typed narrative detailing the circumstances leading to the request for re-evaluation.** Please be very specific in your narrative (i.e. provide dates, name of employers, if applicable, and clearly identify the person or persons to whom the narrative refers).
- **Additional documents as specified below**

Below are some other documents that may apply to your situation.
