Our ACC Reference Librarian Lindsay Roberts conducted a Library Research Workshop that gave students the tools and knowledge to become a more effective researchers. Our Math and English tutors remained dedicated to providing a presence on campus and were happy to help our students succeed during midterms and beyond and our Halloween festivities livened the campus and energized students and staff.

We are grateful for Student Services, the ACC Library, the Student Success Center and all of our faculty and staff by providing opportunities for our students and community to thrive. We also appreciate all of our students who work hard and “Do More” every day.

Keep up the great work and be sure to check out of Events Calendar and follow us on Facebook, Twitter, and Pinterest for information on upcoming events and activities!
