Transforming Lives and Enhancing the Journey
“Because of people like you, people like me are able to further our education, become leaders in our chosen fields and contribute much more to our community…”

— ACC Foundation Scholarship Recipient
Dear Friends,

First and foremost, THANK YOU!! Your support of the Arapahoe Community College Foundation is ‘transforming lives and enhancing the journey’. It is our mission to create public awareness and funding resources that provide financial assistance and broad-based community support for Arapahoe Community College’s students, faculty, staff and programs. It is because of you that students’ lives are truly transformed. The following pages of this annual report will give you a small glance at how our students are impacted and how you and over 500 other donors are making it happen.

This past year the following named scholarships were established, thanks to the generosity of our donors: the Colorado Funeral Directors Association Scholarship, supporting students in our Mortuary Science Program; the Classified Assembly Book Scholarship, providing students with funds for the high cost of books; the New American’s Scholarship, supporting our documented immigrant students; and the Parker Artists Guild Scholarship, supporting students in our art programs. We worked with students in the ACC ceramics department to raise over $15,000 for the McKinnell Endowment at the Potters With Wine Event and assisted the ACC Fitness Center staff and volunteers to raise over $10,000 to replace the Fitness Center floor.

During 2011-2012 we were excited to welcome to our team new Foundation Coordinator, Christian Losche. Christian has experience in marketing and social media and has been an invaluable addition to the Foundation Office. We also welcomed new board member, John Trujillo, Vice President, Senior Portfolio Manager with UMB Bank. John has added a wealth of knowledge to our Finance Committee and is currently serving as Treasurer during 2012-2013.

Our staff has been very busy this year training with the Colorado Community College System Office for the implementation of an advanced, integrated donor and constituent management software. This will help staff communicate with our donors and supporters and assist with the growth and improvement of our Alumni Association. 2011-2012 was a highly active year with many new and exciting developments laying the foundation for continued success.

Already during the 2012-2013 year we’ve hosted a new event, the Affordable Arts Festival bringing over 2,000 people to the ACC Littleton Campus in August and raising nearly $4,000. Our 3rd Annual Chalk Art Festival was moved to the Streets at SouthGlenn and attracted over 100 participating artists and thousands of observers. Most notably, your generosity helped us successfully reach our goal of raising $45,000 in 45 weeks in honor of ACC’s 45th Anniversary. We are using some of those funds for our ACC Employee Mini Grant Program to support faculty and staff projects and initiatives not regularly funded by program budgets.

Please accept our sincerest gratitude for making 2012 a successful year! Please visit one of our campuses (Littleton, Parker or Castle Rock) and meet some of the students, faculty and staff you are supporting. When you do, you will understand how grateful they, and we, are to have you in the family!

Thank you very much!

Ken Lowrey
– Chair, ACC Foundation
Diana M. Doyle
– President, ACC
Courtney Loehfelm
– Executive Director, ACC Foundation

“Because of the financial assistance that you are giving me, I will be able to concentrate more of my time on studying and getting high grades....so that one day I will be able to give a scholarship back to future students...”

— ACC Foundation Scholarship Recipient
“Being a full time student has put a financial strain on my family, your generous scholarship has helped that burden.”

*Denotes in-kind donation
** Denotes cash and in-kind donation

The ACC Foundation values and appreciates the contributions of all its loyal donors. We apologize in advance for any errors and/or omissions that may have occurred.
Investing in the ACC Foundation:
ACC Foundation programs directly impact student success and ability to pursue post-secondary education at an accredited, high quality, workforce and industry responsive institution like Arapahoe Community College

Endowment
Building an endowment for ACC is of utmost importance to sustain the College for generations. By 2015 the Foundation intends to have a million dollar endowment corpus. In order to meet the needs of our students today and in the future the Foundation has set a 2013 goal to raise $50,000 for the ACC Endowment Fund.

Scholarships
The ACC Foundation provides students with scholarships ranging from $350 which would cover the cost of one class or a few books to $3,500 to cover a full time student’s annual tuition. Each year the Foundation supports 50-75 students and their goals. In order to meet the challenge of the financial needs of our students, the Foundation has set a 2013 goal to raise $75,000 towards scholarship funds.

Child Development Center – Child Care Stipends
The ACC Child Development Center is a fully licensed, accredited, Qualistar rated facility that prides itself on maintaining a safe and stimulating environment for children. ACC student parents can attend class while their children are in a positive atmosphere on the same campus. The Foundation provides assistance to student parents by funding stipends for child care expenses at the Center. In order to meet the needs of our student parents, the Foundation has set a 2013 goal to raise $25,000 towards child care stipends.

Mini – Grants
This program provides all ACC staff the opportunity to apply for small grants, which support projects that align with the mission of ACC, but may not be funded by department budgets. These include the development of instructional activities, innovative uses of technology, enhanced student learning and performance, the purchase of equipment or technology and professional development. These funds are critical to attract top notch faculty and staff. In order to meet the needs of our staff and ultimately students, the Foundation has set a 2013 goal to raise $10,000 towards mini-grants.

Remedial Education – Support Vouchers
Less than 10% of students enrolled in remedial math courses will ever graduate. ACC and the Colorado Community College System are working to address this issue so students can be successful in college level coursework and continue on to obtain their degree. An acceleration/compression model has been designed to provide preparation for students to strengthen their basic skills through diagnostic testing, tutoring and foundation lab work. The ACC Foundation provides funds for the fees associated with online diagnostic testing and tutorials. In order to meet the needs of our remedial students, the Foundation has set a 2013 goal to raise $7,000 for remedial education vouchers.
"Thank you... for allowing me to ease some of the financial burden that comes with being a full-time college student and mother."
