**PROFESSIONAL AND CAREER PROGRAMS**

### CAREER EXPLORATION

**Voice-Overs: NOW is YOUR Time!**

*Wendy Shapero*

You’ve heard Wendy Shapero on TV! (Robot Chicken with Seth Green, Cartoon Network shows...) Now hear Wendy LIVE as she illustrates how YOU could actually begin using your speaking voice for commercials, films, and videos! This is a business that you can handle on your own terms, on your own turf, on your own time, and with practically no overhead! This exciting and fun class could be the game changer you’ve been looking for!

Tue, June 4, 6:30-8:30 p.m.
Littleton Campus, $54

**The Ins and Outs of LinkedIn**

*Douglas Williams*

Learn how to leverage and benefit from this professional social media platform which boasts over half a billion members including executives from all Fortune 500 companies. Learn to optimize your profile, accelerate growing the right kind of network and evaluate groups before you join. Practice not only the basics but tips and strategies that will help you stand out for professional, social and career networking, recruiting, sales and whatever reason you desire to use LinkedIn.

Mon, July 15-22, 6-9 p.m., 2 weeks
Littleton Campus, $99

**Marketing Your Professional Image**

*Douglas Williams*

Learn what changes your resume should have based on the type of job you are pursuing. Take a hands on approach to cleaning up your web & social media profile, receiving recommendations from others in your field, and obtaining success with perspective clients and employers.

Tue/Thu, Aug 20-29, 6-8:30 p.m., 4 sessions
Littleton Campus, $149

### ESSENTIAL SKILLS

**COMPUTER AND SMARTPHONE SKILLS**

**Computer Basics for Laptop and Desktop Devices**

*Jon Rager*

If you have little or no experience with personal computers and want to learn the basics this class is perfect for you. Explore the main components of a typical computer system and the basic elements of the Windows interface. Navigate in Windows Explorer, organize files and folders, search for items on a computer, and personalize Windows. Learn to use an Internet browser and explore tips for routine maintenance.

GED PREPARATION

If you are 17 years of age or older, register for these preparation classes which are designed to help you improve skills to complete the online GED exam. Practice tests are available online at GED.com for $6 per subject and $24 for all four. Your scores will indicate whether you are ready to take the official test or if you should take a preparation class. You may re-enroll for these courses each term until you are ready to take the official GED test. The class tuition does not include the official GED test fee. More information about taking the test is online at GED.com or through the ACC Testing Center at 303-797-5993.

Limited GED Course Scholarships are available based on financial need and offered on a first-come first-serve basis. Email acc.wcp@arapahoe.edu for scholarship information and an application.

Thu, June 6-Aug 15, 6-8:30 p.m., 10 wks.
Littleton Campus, $115 plus book, no class held on July 4

WRITING, GRAMMAR, AND COMMUNICATION

Writing Skills and Grammar Refresher
Karyl Chalfin
Are you in need of a refresher for college or to write that report or business letter? Whatever your goals, a grasp of effective writing skills and English grammar is important for writing or speaking. Gain confidence to produce clean, grammatically correct work and to speak correctly whether with an individual or for a group. Discuss and practice English grammar basics such as sentence structure and punctuation. Write for clarity and for your audience. Practice what you learn through online, at home, and in-class exercises.

Tue, June 11-July 2, 6-8:30 p.m., 4 wks.
Littleton Campus, $99 plus book

The Miracle of Communication – Respecting and Enjoying Communication Skills
Keith Brown
Boost your confidence and enhance your self-esteem with hands-on modules designed to help adult learners better appreciate, understand, and apply interpersonal communication skills. Topics include objective and subjective meanings of words, emotional and intellectual filters in comprehending ourselves and others, assumptions, habits, the impact of training and experience, non-verbal signals, self-talk, and how strong communication skills can contribute to effective leadership. Group exercises and discussion help formulate concepts which are then applied to both workplace and personal relationships.

Wed, Jun 12-Jul 10, 6-9 p.m., 5 wks.
Littleton Campus, $149

PROFESSIONAL DEVELOPMENT

EMERGENCY MANAGEMENT

Heartsaver First Aid, CPR and AED
Christine Cruzan
This OSHA approved course is designed for anyone with limited or no medical training who needs a course completion card in first aid, CPR and AED use to meet job, regulatory or other requirements. It is also perfect for anyone wanting to be prepared in the event of an injury or emergency. Heartsaver® First Aid, CPR and AED is a classroom, video-based, instructor-led course that teaches students critical skills needed to respond and manage a first aid, choking or sudden cardiac arrest emergency in the first few minutes until emergency medical services (EMS) arrives. Students learn skills such as how to treat bleeding, sprains, broken bones, shock and other first aid emergencies. This course also teaches adult, child and infant CPR and AED use. Students will receive a Heartsaver® First Aid, CPR and AED course completion card, valid for two years. The cost of the course includes the completion card ($20 fee).

Sat, June 29, 9 a.m.-4 p.m.
Littleton Campus, $99 plus book

BLS Provider

Christine Cruzan
The BLS Provider course meets the requirements of American Heart Association Basic Life Support for those who work in Emergency Services, Health Care and other professional areas. Material presented in this course is basic patient assessment, basic airway management, rescue breathing, AED use and CPR for infant, children and adult patients. To receive a course completion card/certificate, students will be required to successfully demonstrate appropriate CPR with the use of an AED and complete the BLS exam at a score greater than 84%. An AHA BLS Provider manual is required during the class. Books are not provided.

Sat, June 1, 9 a.m.-2 p.m.
Littleton Campus, $79 plus manual
Sat, Aug 17, 9 a.m.-2 p.m.
Littleton Campus, $79 plus manual
Sat, Aug 24, 9 a.m.-2 p.m.
Littleton Campus, $79 plus manual

BLS Renewal Skills Session

Christine Cruzan
This 2 hour course meets the American Heart Association BLS Provider Renewal requirements to remain current with BLS Provider CPR certification. If you have a current BLS for Healthcare Providers or BLS Provider card due to expire, or within 60-days expired, you can register for the Renewal Course. A copy of your current card must be presented at the time of the course. This renewal course will review all aspects of the initial provider course. To receive a course completion card/certificate, students will be required to successfully demonstrate appropriate CPR with the use of an AED and complete the BLS exam at a score greater than 84%. An AHA BLS Provider manual is required during the class. Books are not provided.

Sat, June 1, 2-4 p.m.
Littleton Campus, $39 plus manual
Sat, Aug 17, 2-4 p.m.
Littleton Campus, $39 plus manual
Sat, Aug 24, 2-4 p.m.
Littleton Campus, $39 plus manual

EVENT MANAGEMENT

Event Management Certificate

Designed for working adults, this fast track evening program prepares you to manage events with ease and at a professional level.

Program Features:
• Taught by experienced event planners
• Practical hands-on curriculum
• High quality, experiential education
• Fast track for working adults

Designed For:
• People interested in learning more about event planning in a hands-on environment
• Working professionals who are looking to change career fields to event planning
• Entry-level event professionals seeking additional skills and knowledge

Meet Your Instructor:
Carol Lathrop earned her Bachelor’s Degree from Metropolitan State University of Denver. Before she joined ACC, she served as an Affiliate Faculty in the Hospitality, Travel and Events Department at Metropolitan State University of Denver. She has over 20 years’ experience managing all types of events. Carol’s talent lies in event design and production for corporations, non-profits, weddings and social clients.

This program has two sessions. Session I classes meet Wednesday evenings from June 5-August 28, from 6-9 pm. Class sessions will be held at the Littleton Campus. Session II will meet Wednesday evenings from September 18 through December 18, 2019.

Session 1
• Learn how to design your own event plan by applying event planning basics and best practices
• Learn what it takes to be successful in this industry
• Event basics
• Operations and Logistics
• Volunteer and Staff Management
• Introduction of Event Marketing
• Budgeting and Sponsorships

In order to be successful in this program you must possess knowledge of basic PC applications such as Microsoft Word, Excel, and PowerPoint. You will need access to a computer during the program which is necessary for classroom readings, discussions, and assignments. Successful completion of the certificate program requires full participation in Session I (13 weeks) and Session II (13 weeks) along with 24 hours of volunteer time at events.

Tuition: $1,299 per session

Wed, June 5-Aug 28, 6-9 p.m., 13 wks.
Littleton Campus, $1,299

To register or for more information call, 303-797-5722 or visit our website at arapahoe.edu/wcp for complete schedules, pricing, and class descriptions.

COMPUTER SOFTWARE APPLICATIONS

Microsoft Office Excel Certificate Program
Receive 1.8 CEUs along with an MS Excel Training Certificate of Completion. Courses include: Introduction - enter and edit information. Create and copy simple formulas and functions. Use Cut/Copy/Paste and Drag and Drop to duplicate or reorganize data. Apply borders, shading and other formats. Sort and graph your data; Intermediate - work with multiple and large workbooks. EQUINE

Equine Training and Management Certificate Program
Gain academic, technical, and professional skills while learning to establish safe, trusting, and responsive relationships with horses. Based on your interests, courses may be taken individually or as a series culminating in a non-credit professional certificate. All classes held on the Littleton Campus unless noted otherwise.

Damian Ficca, the lead instructor, has been teaching horse training and management for over 20 years. His teaching career began as a part-time instructor for the University of Nevada, University of California Davis, and Flathead Valley Community College. He transitioned to full-time teaching in Colorado 20 years ago beginning at Front Range Community College and currently is at Arapahoe Community College. He is a Denver native who has bred, trained, and worked horses throughout the western United States. He is one of a select group of individuals who specialize in traditional western training, with roots in the Spanish, California, and Nevada horse training methods. He received his Bachelor of Science in Education degree from the University of Nevada and a Career Certificate in Animal Care Specialist from Ashworth College.

Equine Internships
Gain professional experience in equine training and management through internships in the equine industry. Instructor approves placements and works closely with intern and sponsor. ### GREAT BOOKS PROGRAM

AT ACC

ACC holds the honor of being one of only six community colleges in the United States included in the University of Chicago’s Great Books Consortium. The program builds on the renowned Great Books Movement which allows American students to engage in conversations about the most influential ideas contained within Western Civilization’s masterpieces of literature, history, and philosophy.

**How Do Great Books Courses work?**

Many ACC instructors offer various courses designated as “Great Books Courses.” Within these courses, the instructors draw at least half of the course readings from authors on the Encyclopaedia Britannica’s Great Authors List as primary voices in their fields. For instance, in a Great Books Psychology course, in addition to reading about the meaning of Sigmund Freud’s dream symbolism, one might also read some of Freud’s own Interpretation of Dreams. Alternatively, in a Great Books Mathematics course, one might read some of Newton’s or Euclid’s writings.

For more information regarding the Great Books courses offered this semester, please visit the ACC website and search for Great Books Program or call the Workforce and Community Programs Office at 303-797-5722.

**Private Instrument Lessons**

For all levels and abilities of aspiring musicians over the age of 8. Receive 10 half-hour private lessons over 10 weeks. All lessons are set to meet your schedule. When registering, specify the string, woodwind, brass, or guitar instrument. Refunds will not be given for missed lessons. Lesson can begin meeting any time between May 28th and August 5th based on instructor availability and approval. Lesson days and times are established between you and the instructor.

- Private Drums
- Private Voice
- Private Woodwinds

**MUSIC**

**ACC Classical Chamber Ensemble**
Tessa Hildebrand
Develop chamber music techniques while exploring various periods of the genre. Open to string and wind players ages 12 to adult. Must have three years of experience playing an instrument and read music comfortably. An end of semester performance is anticipated August 5. Possible dress rehearsal during the final week at a local retirement community.

Tue/Thu, May 28-Aug 1, 6-7:30 p.m., 15 wks. No Class July 4th
Littleton Campus, $185

**DRAwing**

**You Can Draw!**
Brian Brennan
Learn to draw anything you see! Discover how artists “record” images onto paper. Great observational drawing class for beginners. Utilize proven methods behind portraits, still life and landscape drawing. Explore line, texture and tone as you learn shading techniques. Advanced subjects reviewed for the experienced artist as well.

Thu, May 30-July 11, 7-9 p.m., 6 wks., No Class July 4th
Littleton Campus, $129 plus supplies

Thu, July 18-Aug 22, 7-9 p.m., 6 wks.
Littleton Campus, $129 plus supplies

**PAINTING**

**Exploring Collage**
Candace French
Join us for a creative exploration in the art of collage. In this fun filled and relaxing class, create beautiful collage artwork that make your heart sing. Discover exciting ways to follow steps in how to create a collage composition that “works” along with tips that make it easy for you to complete your collage paintings. There will be group instruction along with lots of one on one attention. This workshop is geared toward beginning and intermediate painters.

Fri, June 14-28, 1-4 p.m., 3 wks.
Littleton Campus, $99 plus supplies and $1 material fee to instructor.

**Exploring Acrylics**
Candace French
Explore blending brilliant colors, brushwork, brush care, palette knife painting and more. Enjoy “chalk talks”, demos and lots of individual attention. Composition and The Five Easy Steps to Jumpstart Any Painting and Bring It to Completion will be shared. Bring an image or photo that makes your heart sing!

Tue, June 18-July 30, 1-4 p.m., 6 wks. No Class July 2nd
Littleton Campus, $179 plus supplies, and $3 material fee to instructor.

**Free to Paint!**
Joy Schultz
Explore, discover, open to and express your natural creativity. Learn how to use questions to stir your creativity, dissolve creative blocks and keep the inspiration flowing during all phases of the creative process. Practice trusting your own natural and limitless intuition, discover the unknown, take risks and express your uncensored self in a non-judgmental, non-goal oriented environment. Principles from Point Zero: Creativity without Limits, and Life, Paint and Passion by Michele Cassou will be shared through readings, video, and during the process of painting.

For all levels and abilities of aspiring musicians over the age of 8. Receive 10 half-hour private lessons over 10 weeks. All lessons are set to meet your schedule. When registering, specify the string, woodwind, brass, or guitar instrument. Refunds will not be given for missed lessons. Lesson can begin meeting any time between May 28th and August 5th based on instructor availability and approval. Lesson days and times are established between you and the instructor.

Oil Painting – Beginning and All Levels
Valorie Snyder
What do you want to paint? Landscapes, still life, flowers, animals, people or portraits? With this classic approach to realism and impressionism, you will have a solid foundation to paint any subject that is meaningful to you. Learn about brushes, painting techniques and color theory, as you complete assigned exercises and progress at your own pace. A fun and comfortable class for beginners and comprehensive instruction for students of all levels. If you have painted before, build on what you already know and fill in information you may have missed in previous art classes. Since learning to paint does require more than 6 weeks, students often repeat this class to build on skills they learned before, without repeating completed exercises. Includes lectures, notes, demonstrations, and individual help.
Thu. July 25-Aug 29, 1-4 p.m., 6 wks.
Littleton Campus, $179, plus supplies, $20 Optional Workbook with Class Notes.

Note: This class requires the use of Gamsol Odorless Mineral Spirits (made by Gamblin Paints), rather than turpentine or other dangerous solvents. Complete supply list is on Valorie’s blog: www.valoriesnyderart.blogspot.com

Beginning Watercolor
Brian Brennan
Learn how to paint with watercolor. No experience necessary. This class explores the usage and application of watercolor paint. Discover how artists use the unique medium of watercolor to achieve beautiful light effects!
Tue. May 28-July 9, 7-9 p.m., 6 wks., No Class July 2nd
Littleton Campus, $129 plus supplies
Tue. July 16-August 20, 7-9 p.m., 6 wks.
Littleton Campus, $129 plus supplies

PHOTOGRAPHY

Better Photography with iPhone and iPad
Steven Sande
Want to take better photos with an iPhone or iPad? This class is designed to take students from taking ordinary snapshots to making photos they’ll be proud to share. In this class, you’ll learn hands-on how to use the different Camera app shooting modes to capture high-quality photos and video, then use Photos and other photo editing apps to turn pictures into masterpieces. Students use their own iPhone (or iPad) to gain hands-on experience in capturing and editing images.
Thu. June 27, 6-9 p.m.
Littleton Campus, $49

Beginning Digital Photography
Bob Montgomery
Focus on aperture, shutter speed, depth of field, ISO and exposure. Discover composition principles to create better photographs. Bring camera and owner’s manual. Designed for 35MM and digital camera users new to photography. Camera must have an adjustable aperture and shutter speed. Interchangeable Lens a plus!
Mon. June 10-24, 6-8:30 p.m., 3 wks.
Littleton Campus, $109
Thu. July 18-Aug 1, 6-8:30 p.m., 3 wks.
Parker Campus, $109

Intermediate Digital Photography
Eli Vega
In this highly interactive course, you will learn advanced applications of camera features, buttons, and dials, as well as advanced techniques and artistic composition. You will learn advanced applications of ISO, White Balance, f/stops, shutter speeds, multiple exposures, BULB setting for creative applications, computer software fine-tuning tips, and more. Time permitting, Eli will demonstrate some key advanced in-the-field applications.
Sat. July 27, 9 a.m.-5 p.m.
Littleton Campus, $99 plus $3 materials fee to instructor

Introduction to Digital Scrapbooking
Jennifer Wise
A 4-week course that introduces students to digital scrapbooking using the Heritage Makers online program and publishing system. At each session, students will learn a technique, strategy, or skill, then have time to work on their own photos and scrapbooking with any teacher help they might need. Students may choose hardbound books or individual scrap pages to create digitally. Finished examples will be shown. Students are able to pay (separate from class fee) to publish whatever items they create upon completion.
Tue. June 4-25, 7-8:30 p.m., 4wks
Parker Campus, $69
Wed. June 5-26, 7-8:30 p.m., 4wks
Littleton Campus, $69

Telling a Life Story by Creating a Storybook
Jennifer Wise
Stories are powerful things. They connect people, increase our own sense of purpose and belonging, and even heal from grief and loss. This class is a 4-week course that provides resources and guidance for telling your story or a loved one’s story, along with time and step-by-step direction for actually creating a hardbound storybook with your own story and a few photos. The Heritage Makers storybook will be created digitally online in class from a template that you will alter as desired. Students will order and pay for their completed books on their own and may order multiple copies for gifts as desired. Cost for each 8x8 book will be $30 + shipping.
Thu. June 6-27, 7-8:30 p.m., 4wks
Parker Campus, $69

Travel Photography for the Digital Photographer
Eli Vega
Discover Secrets of Better Photography
Eli Vega
Learn the advanced techniques and artistic composition that are all around us. Reiki works on all levels – the physical, mental, emotional, and spiritual. It brings the body and mind into balance, encourages self-healing, and never causes harm. The class includes the Reiki I Attunement with complete instructions on how to use Reiki to heal yourself and others.
Thu. June 11-18, 6-9 p.m., 2 wks.
Littleton Campus, $69 plus $20 materials fee to instructor

Find us online!
**FITNESS**

**Beginning Tai Chi**

*Holly Yang*

Daily Tai Chi practice relieves stress and tension, increases energy and tranquility, regulates the body’s internal systems, and improves balance, flexibility, strength, and physical and mental harmony and well-being.

Learn the Tai Chi 8 Forms and 16 Forms with clear, step by step instructions through Tai Chi stances, hand positions, and movements.

You may need multiple class sessions to master each level. Qi Gong and meditation will be introduced and practiced. A certain degree of movements is required for full-participation in this course.

Wed, June 19-August 7, 6-8 p.m., 8 wks.
Littleton Campus, $199

**Pilates Matwork I**

*Catherine M Glenn*

Focuses on Pilates mat work to increase core strength, overall muscles tone and flexibility with focused and precise floor work techniques. A physical education class built upon the philosophies and exercises of Joseph Pilates.

Mon/Wed, May 29-Aug 5, 11:30 a.m. -12:45 p.m., 10 wks.
Littleton Campus, $185

**Yoga I**

*Catherine M Glenn*

Offers a guided instruction in yoga. Students practice yoga according to their individual fitness levels and abilities. Emphasizes enhancing general health and well being through the performance of yoga strength, flexibility, balance, and relaxation techniques and exercises.

Mon/Wed, May 29-Aug 5, 1-2:15 p.m., 10 wks.
Littleton Campus, $185

---

**SilverSneakers Community Member Classes**

**You must have SilverSneakers ID in order to participate.**

**Stretch and Posture**

*Perri Cunningham*

This is a class focusing on breathing and relaxed stretching to stretch and strengthen for improved posture.

Mon/Fri, May 29-Aug 5, 8:15-8:45 a.m., 15 wks.
Littleton Campus, Fitness Center Studio, Free

**Balance**

*Patty Bisbee*

You are never too old to play! This fun-filled activity class challenges the components that keep you upright and maintain balance. Activities focus on improving posture, core strength and stabilization, as well as mind-body awareness. This is NOT designed for those who are currently at risk for falling.

Fri, May 31-Aug 2, 9:15-9:45 a.m., 15 wks.
Littleton Campus, Fitness Center Studio, Free

**Drums Alive Gold**

*Patty Adams*

Combine movement with the powerful beat and rhythms of drumming for an amazing workout!

Wed, May 29 - Aug 5, 9:30-10:30 a.m., 15 wks.
Littleton Campus, Fitness Center Studio, Free

**Silver Sneakers Classic**

*Kendra Hawkins*

Move to the music through a variety of exercises designed to increase strength and range of motion.

Tue/Thu/Sat, May 28-Aug 1, 9:30-10:30 a.m., 15 wks.
Littleton Campus, Fitness Center Studio, Free

**Silver Sneakers Yoga**

*Catherine Glenn*

Move through a whole body series of seated and standing yoga poses and breathing exercises. Chair support is offered to safely perform a variety of seated and standing postures.

Mon/Wed, May 29-Aug 5, 9:30-10:30 a.m., 15 wks.
Littleton Campus, Fitness Center Studio, Free

---

**HOME AND GARDEN**

**HOME BUYING AND SELLING**

**Home Buyer Basics – Be Prepared!**

*Judy Browne*

In this real estate market it’s more important than ever for buyers to be prepared to enter the market. This class has been designed to give you the information you need to be a successful home buyer. As a student you will understand the home buying process from start to finish; the current Denver Metro real estate market; how to describe your new home; how to choose the right real estate broker and be provided with a checklist for viewing homes. We will also review tips and techniques for writing a strong offer. You will leave the class with the all information you need for your home buying process to be a success.

Sat, June 29, 10 a.m.-12:30 p.m.
Littleton Campus, $25

Sat, Aug 3, 10 a.m.-12:30 p.m.
Littleton Campus, $25

**How to Sell Your Home – The Basics**

*Judy Browne*

It’s not as easy as you may think to sell your home in this market for the best price and terms. Take this class for answers to your most important questions. The class covers the challenges of selling in a quickly moving market, the importance of the right pricing strategy and what it really costs to sell a home, and you will learn negotiation tips and techniques. You will be provided with information on how to navigate the entire process including: staging, listing, internet distribution, inspection and appraisal negotiations and a review of critical contracts and forms. Every student will be offered a free comparative market analysis of their home.

Sat, July 20, 10 a.m.-12:30 p.m.
Littleton Campus, $25

Sat, Aug 17, 10 a.m.-12:30 p.m.
Littleton Campus, $25

**PERSONAL FINANCE AND REAL ESTATE INVESTING**

**Fundamentals of Real Estate Investing: How to Take Advantage of this Market and Profit in Real Estate Investing**

*Jim Flint*

Learn an analytical approach to investing. You can be your own boss and never get fired! What is best to own? Single family, 4plex, commercial, industrial, triple net lease buildings? Find that diamond in the rough! Learn how to get 15% or more on your money, 1031 Exchanges and Reverse Exchanges, and how to reduce your income taxes. You can get cash flow starting day one and you will learn negotiation tips and techniques. You will be provided with information on how to navigate the entire process including: staging, listing, internet distribution, inspection and appraisal negotiations and a review of critical contracts and forms. Every student will be offered a free comparative market analysis of their home.

Littleton Campus, $49 for individuals/$79 for couples plus $20 material fee to instructor
Managing Your Rental Properties: How to Avoid Trouble and Vacancies

*Jim Flint/Jason Meyer* This class is taught by Jim Flint a 30 year veteran of Denver investment real estate, and Jason Meyer a 10-year veteran property manager that currently manages over 400 units. Learn how to screen your prospective tenants and keep the bad ones out. Be aware of “dos and don’ts” when dealing with tenants. If you must evict, how? Have a pool of qualified service people that respond quickly. We’ll explain how to keep your property rented when others have vacancies. We also review the Fair Housing Laws. Is professional property management for you? Included is a copy of a lease used in over 400 housing units. If you have questions, please call Jim Flint at 303-759-2222.

Thu, July 11, 6-9:15 p.m.
Littleton Campus, $49 for individuals/$79 for couples plus $20 material fee to instructor

Alternatives to Traditional Real Estate Investing: Diversify Your Portfolio

*Jim Flint*

Look at real estate investing from an angle other than single family homes, duplexes, or condos. There’s a world of options out there: commercial property, assisted living homes, apartment buildings, mobile home parks, self-storage properties, Fortune 500 triple net partnerships, and more! Learn how to create a business plan for your investment, including financing options, management, and the formulas you need to measure your ROI. While this class is aimed at people who have already discovered the advantages of investing in real estate, it can also be suitable for those who are simply ready to diversify into investments outside the stock market. If you have questions, please call Jim Flint at 303-759-2222.

Tue, July 16, 6-9:15 p.m.
Littleton Campus, $25 plus $20 material fee to instructor

MOTORCYCLE TRAINING

*Abate of Colorado*

Courses will follow the Motorcycle Safety Foundation curriculum and are taught by instructors from ABATE of Colorado. For all motorcycle classes, helmets, full-fingered gloves, long-sleeved shirt, long pants, eye protection, as well as sturdy, over-the-ankle shoes are required for all riding sessions. Loaner helmets are available for use in the class. Pre-registration and prepayment are required. Courses meet on many weekends at Arapahoe Community College. Students who do not cancel within 48 business hours of the course will not receive a tuition refund or date transfer. For class schedule, availability and to register, visit www.abateofcolo.org or call ABATE at 303-789-3264.

Drones 101 for the Hobbyist

Steven Sande

Every time you turn around these days, you’re hearing about drones. There’s a reason for that; drones, otherwise known as unmanned aerial systems, are being used for both commercial purposes and are a popular personal photography platform. This class answers the questions you may have about drones, including: What kind of drones are there? How do quadcopters work? What can I do with a drone? Do I need a license to fly a drone commercially (for hire)? How much does a good quality drone cost? And much, much more! Weather permitting, we’ll fly a drone outside and demonstrate the flight and photography modes that are popular with drone pilots.

Sat, July 20, 9 a.m.-12 p.m.
Littleton Campus, $59

Drone Photography and Videography for Beginners

Steven Sande

Aerial photography no longer requires hiring a pilot or having your own airplane. Drones take high quality photos and video with a unique bird’s eye view of the landscape. In this class, students learn about using drones for hobby or commercial photography and videography from a FAA-licensed drone pilot, and have an opportunity to use their own drones (not required) to try different techniques and flight modes hands-on. This course covers: Popular commercial drones and their capabilities; where and when it’s legal (or illegal) to fly drones; A dozen tips for better drone photography; Post-processing drone photos: creating panoramas and spheres, adjusting color and contrast, and editing video; Autonomous and gesture modes for automated photography

Sat, July 27, 9 a.m.-12 p.m.
Littleton Campus, $59

Introduction to FAA Part 107 Certification

Greg DePrez

Are you curious about the new technology of drones? Are you thinking of buying a drone? Do you have a drone and want to be sure you’re flying legally, safely and responsibly? Then join our “introduction to drones” class. We’ll review the drone industry and the amazing ways this technology is being used. Then we’ll discuss the mechanics of drones and how they’re controlled. We’ll survey the drones on the market and talk about what to consider when planning a purchase. We’ll introduce the controlling authority for flying in national airspace, the FAA, and review the key rules and regulations for hobby drone flight. We’ll cover planning safe and ethical missions and wrap up with an introduction to the commercial drone license, which you can prepare to earn through another ACC course.

Tue/Thu, Aug 20-22, 6 p.m.-9 p.m., 1 wk.
Littleton Campus, $95

Become a U.S. Citizen

Victoria Martysh

This comprehensive course is designed to successfully navigate your citizenship road. Learn the fundamentals of United States History and Civics as well as step-by-step details of your Citizenship N-400 Application. Prepare for your citizenship interview with USCIS today and English comprehension and speaking lessons woven throughout the course. Individual attention is provided.

Wed, June 5-Aug 21, 6-9 p.m., 12 wks, No class, July 3
Littleton Campus, $219 plus $20 material fee to instructor
## Grades 3-5

### JUNE 10-14

**ROBLOX® Coders & Entrepreneurs!**
Discover how to code in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream up. This new class combines game design concepts, coding, and fun! Young entrepreneurs will also learn how to navigate ROBLOX’s fast-growing marketplace to publish their games. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, June 10-14, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $249  
*Tuition: $189 + Technology Fee: $50 + License Fee: $10

**Battle Royale: Make Your First Fortnite® Style Video Game**

Fans of Fortnite we need you! Instead of playing the game, design your own. Using a professional 3D game development software, build levels and assets inspired by popular battle royale games like Fortnite. This course includes cartoonish action and battle sequences. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, June 10-14, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $239

### JUNE 17-21

**App Attack!**
Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app and game development tool, students will explore the world of web-based (HTML5) mobile apps. In addition to learning the basics of mobile app design and game development, you will also see firsthand how the world of app publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. Publishing to app stores not included. Students do not need to own a smartphone or tablet to take the class. Students will work in pairs or teams for most of the program.

Mon-Fri, June 17-21, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $239

**Minecraft® Designers**
If you love the game Minecraft, and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. Students must own a Java version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Students will work in pairs or teams for most of the program.

Mon-Fri, June 17-21, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $239

### JUNE 24-28

**Fitness & Nutrition**
Learn the basics of nutrition and get your heart pumping at a healthy rate through play. Discuss healthy snack and nutrition options and practice exercises and games to keep you active. Students will learn why exercise is important at all age levels and why it’s important to have a balanced diet. This camp will meet indoors and outdoors.

Mon-Fri, June 17-21, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $189

**Painting and Photography**
Create your own large painted canvas and mount your photos on a mat board to take home! You will learn the secrets to creating through a lot of fun activities, including a field trip to Hudson Gardens. Please dress for painting, and bring a fully charged digital camera daily.

Mon-Fri, June 17-21, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $244

**Fun With Drones**
Do you think it would be cool to fly a drone? Learn about the science behind how drones fly and discover how they work. Practice drone safety while flying through obstacles and completing drone “missions” to hone your flying skills.

Mon-Fri, June 24-28, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $244

**Keyboarding**
Can you type without looking at the keyboard? Learn accuracy and speed by using games to type words and short stories. Know your words per minute at the end of the class!

Mon-Fri, June 24-28, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $199

**Code Breakers**
Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Whether you want to be a silicon valley CEO or the high school student who just made $1 million dollars for programming in her bedroom, this course has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, June 24-28, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $239

**Make Your First Video Game!**
If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that you will explore. No prior experience necessary, just a desire to have fun. Student created games will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers, Mac versions can be created after the program for a $15.00 conversion fee. Students will work in pairs or teams for most of the program.

Mon-Fri, June 24-28, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $239
JULY 8-12

**Python Programmers**
Want to learn the world’s fastest growing programming language favored by Google, NASA, YouTube, and the CIA? Learn how to code with Python to create engaging apps and games. Each lesson takes you step-by-step on a programming path that will let you challenge friends with fun content you create from start to finish! Students will work in pairs or teams for most of the program.

Mon-Fri, July 8-12, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $239

**ROBLOX® Makers**
Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world. Bring characters to life with unique animations you design. Student-created projects will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, July 8-12, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $239

JULY 15-19

**Make Your First 3D Video Game!**
In this Black Rocket classic, you will go well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Students will learn the physics behind 3D games, explore beginner event scripting, level design, controlling the flow of gameplay, and storytelling. Student created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, July 15-19, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $239

**Minecraft® Modders**
Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password protected Black Rocket website to share with friends and family. Students must own a Java version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Mon-Fri, July 15-19, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $239

JULY 22-26

**Virtual Reality: The Future is Now**
Embark on an EPIC adventure in virtual reality! You will learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, and crafting memorable 3D experiences. At the end of the week take home your first cardboard VR headset to show friends and family the new worlds you created. VR projects can be viewed on a website or a mobile device. Students do not need a mobile device to take the class, but to use the VR headset a camper will need access to an Android or Apple mobile device. Students will work in pairs or teams and VR projects will be available on a password protected Black Rocket website to share with friends and family.

Mon-Fri, July 22-26, 8:30AM-12PM | Grades 3-5 | Littleton Campus
Course Cost: $256

**3D Game Labs with Unity**
Are you ready to take your game design skills to another level? With Unity, an industry-grade design software, aspiring game designers will learn level editing, 3D modeling, impactful gameplay creation, as well as how to utilize scripts and variables. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, July 22-26, 12:30-4PM | Grades 3-5 | Littleton Campus
Course Cost: $239

Grades 6-8

**Battle Royale: Make Your First Fortnite® Style Video Game**
Fans of Fortnite we need you! Instead of playing the game, design your own. Using a professional 3D game development software, build levels and assets inspired by popular battle royale games like Fortnite. This course includes cartoonish action and battle sequences. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, June 10-14, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $239

**ROBLOX® Coders & Entrepreneurs!**
Discover how to code in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream up. This new class combines game design concepts, coding, and fun! Young entrepreneurs will also learn how to navigate ROBLOX®’s fast-growing marketplace to publish their games. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, June 10-14, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $249

**Fitness and Nutrition**
Learn the basics of nutrition and get your heart pumping at a healthy rate! Discover how to read a food label, take your heart rate and practice exercises and games to keep you active. Students will learn why exercise is important at all age levels and why it’s important to have a balanced diet. This camp will be held both indoors and outdoors.

Mon-Fri, June 10-14, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $189

**Easy and Fun 3D Printing**
Watch your ideas come to life through 3D Printing! Learn about 3D printing technologies and how they are used. Discover different materials and print settings, slicing software and gcoding, and how to modify existing designs to create your own. Students will be introduced to the software: Tinkercad, Solidworks and Autocad for 3D modeling revision and design as well as model sharing websites: “Thingiverse” and “Grabcad”. Take home samples of your work to show your family and friends!

Mon-Fri, June 10-14, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $204

**Seven Habits of Highly Effective Teens 2 Week Camp**
Make friends and interact with others in this exciting camp, based on the book, “Seven Habits of Highly Effective Teens” by Sean Covey. Students will use this step-by-step framework to boost their self-esteem, improve communication in their relationships, resist peer pressure, discover time management and set goals. This is a two week camp.

Mon-Fri, June 10-21, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $391

**Emergency Medical Services Academy**
Does helping people in emergency health challenges sound exciting to you? Discover what it’s like to be an EMT. Experience first-hand training and skills needed to become an EMT by learning lifesaving skills such as: splinting, bleeding control and tourniquet applications. First Aid and CPR certification will be issued at the completion of camp.

Mon-Fri, June 10-14, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $219

**Babysitter Training with AHA Pediatric CPR & First Aid Certification**
Are you ready to earn money babysitting? ACC’s Emergency Medical Services Staff will guide you through how to keep children safe and entertained while in your care. Learn how to feed, burp, dress, carry and change a baby as well as develop a list of fun and safe activities to play. Know what to do in an emergency. First Aid and CPR certification will be issued at the completion of camp.

Mon-Fri, June 10-14, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $209
Myths and Monsters
Discover the world of myths and monsters! Students will explore the fiction, folklore and poetry about monsters and mythical beasts, then create and revise their own literature piece.
Mon-Fri, June 17-21, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Sports
Are you interested in team sports? Discover the basic principles and skills required for many sports and then practice them. Learn about camaraderie and working together towards a common goal, being a “good sport” and have fun! This active camp will meet indoors and outdoors.
Mon-Fri, June 17-21, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $189

The Science of Happiness
Develop everyday strategies to increase well-being through positive psychology, the study of what makes people flourish in all areas of life. In this interactive class, learn how to turn stress into a tool, how to experience more emotions that are positive, improve self-satisfaction, how to maintain friendships, and listen/hear what others have to say.
Mon-Fri, June 17-21, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Cooking (Held At Arapahoe High School)
This is an introductory level class on the fundamentals of cooking focusing on basic knife skills, measuring techniques and cooking methods. Each day will include a demonstration, preparation and cook time, and turn out. Students will work independently and with small groups in order to create delicious food.
Mon-Fri, June 17-21, 8:30AM-12PM | Grades 6-8 | Arapahoe High School
Course Cost: $214

The Science of Cooking (Held At Arapahoe High School)
Chemistry meets art in the science of cooking. Discover through experiments which properties determine if something will taste delicious or disgusting and what makes fresh pie smell so good while learning precision in measurement, creative design, and basic chemistry principles.
Mon-Fri, June 17-21, 12:30-4PM | Grades 6-8 | Arapahoe High School
Course Cost: $209

Minecraft© Designers
If you love the game Minecraft, and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. Students must own a Java version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Students will work in pairs or teams for most of the program.
Mon-Fri, June 17-21, 8:30AM-12PM | Grades 6-8 | Arapahoe High School
Course Cost: $239

App Attack!
Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app and game development tool, students will explore the world of web-based (HTML5) mobile apps. In addition to learning the basics of mobile app design and game development, you will also see firsthand how the world of app publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. Publishing to app stores not included. Students do not need to own a smartphone or tablet to take the class. Students will work in pairs or teams for most of the program.
Mon-Fri, June 17-21, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $239

Make Your First Video Game!
If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that you will explore. No prior experience necessary, just a desire to have fun. Student created games will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers, Mac versions can be created after the program for a $15.00 conversion fee. Students will work in pairs or teams for most of the program.
Mon-Fri, June 24-28, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $239

Code Breakers
Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Whether you want to be a silicon valley CEO or the high school student who just made $1 million dollars for programming in her bedroom, this course has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.
Mon-Fri, June 24-28, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $239

American Sign Language
Learn the basic vocabulary, structure and signs of ASL. Master the basics of finger spelling, numbers, colors, facial grammar and sentence structure. Develop a broad picture of language and cultural behaviors that will help you hold a beginning level conversation in ASL with deaf or hard of hearing native users of the language.
Mon-Fri, June 24-28, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Healthy Habits
Develop healthy eating and exercise habits in this interactive physical fitness based camp. Students will learn the ins and outs of different exercises and why physical fitness and a healthy diet is necessary for all ages. Activities will be performed indoors and outdoors.
Mon-Fri, June 24-28, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $194

Junior Reporters
Do you like to investigate? Do you like to write stories about new things you have learned? This Junior Reporter camp will include the basics of developing news stories with a focus on quality and effective writing. Students will engage in hands-on practice of the profession such as developing story ideas and insightful questions. They will conduct interviews and take photos to compliment the story. Stories completed during the course will be published in the ACC online student newspaper, The Arapahoe Pinnacle.
Mon-Fri, June 24-28, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $199

Ukulele
The ukulele is an engaging, fun and easy to pick up instrument. Learn to read standard sheet music and tablature, harmonize using chords, and understand a little music theory. Learn to play songs and write your own compositions. Explore tips for buying, tuning and maintaining your ukulele. No previous musical experience necessary!
Mon-Fri, June 24-28, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $189
ROBLOX® Makers
Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world. Bring characters to life with unique animations you design. Student-created projects will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.
Mon-Fri, July 8-12, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $239

Python Programmers
Want to learn the world’s fastest growing programming language favored by Google, NASA, YouTube, and the CIA? Learn how to code with Python to create engaging apps and games. Each lesson takes you step-by-step on a programming path that will let you challenge friends with fun content you create from start to finish! Students will work in pairs or teams for most of the program.
Mon-Fri, July 8-12, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $249

Photography
Do you enjoy taking pictures? Come be inspired and equipped to capture gorgeous images with your camera! Explore elements of design, composition, lighting, exposure and more! We will photograph at the beautiful Hudson Gardens and the surrounding areas of the ACC campus. Students will mount prints and decorate a display board to bring home. Bring a fully charged camera daily.
Mon-Fri, July 8-12, 8:30AM-12PM | Grades 5-8 | Littleton Campus
Course Cost: $214

Painting
Learn the secrets to creating beautiful art! We will explore composition, color theory, shading, brush strokes and more. Amidst the beautiful scenery of Hudson Gardens students will paint a water color image. Students will also paint a canvas with acrylic paints. Students will go home with two masterpiece paintings, inspiration and new skills. Please dress accordingly for painting.
Mon-Fri, July 8-12, 12:30-4PM | Grades 5-8 | Littleton Campus
Course Cost: $244

Backyard Biologists
Do you love nature? Discover the powers of observation as you learn how to track data on nature in your own backyard! Explore ecological principles, identification and science journaling. While learning about the regional ecology of their neighborhood, students will also grow in appreciation for Colorado wildlife and habitats.
Mon-Fri, July 8-12, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Robot Boot Camp with Sphero
Have you seen or used the robotic Sphero? With this robotic ball of fun, you’ll be able to fuse together skills like programming robotic toys, digital apps and entertainment experiences. Become a real life engineer in this interactive camp!
Mon-Fri, July 8-12, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $299

Junior Police Academy
Does police work interest you? Is a police officer your hero? Discover the life of a police officer. Experience first-hand training and skills needed to become a law enforcement officer. Discover several aspects of the jobs such as: self-defense and arrest control tactics, evidence and crime scene processing, SWAT team operations, and firearms safety. Try on specialized equipment, collect shoe casts and process fingerprints. On Friday, invite your family to a graduation ceremony and receive your awards, patch and certificate!
Mon-Fri, July 8-12, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $199

Improve Your Study Skills
Do you need help studying? Discover how you learn best! Get ready for the new school year by learning strategies in listening, note-taking, test-taking, time management and more.
Mon-Fri, July 8-12, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Minecraft® Modders
Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password protected Black Rocket website to share with friends and family. Students must own a Java version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.
Mon-Fri, July 15-19, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $239

Make Your First 3D Video Game!
In this Black Rocket classic, you will go well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Students will learn the physics behind 3D games, explore beginner event scripting, level design, controlling the flow of gameplay, and storytelling. Student created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.
Mon-Fri, July 15-19, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $239

Disc Golf
Did you know disc golf started with people using Frisbees and aiming at targets that were made up of trees, trash cans, light poles, pipes and whatever else was handy? It is now one of the best lifetime fitness sports and has grown in popularity. Come learn how to play, or enhance your skills while learning more about the sport. This is an outdoor camp.
Mon-Fri, July 15-19, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Miracle of Communication
Learn to better appreciate, understand, and apply interpersonal communication skills. Gain a greater understanding in comprehending ourselves and others. Work in peer groups to formulate discussions and apply concepts to help you succeed in middle school and beyond.
Mon-Fri, July 15-19, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Elevate Camp
This camp is for middle school children with special needs at mild to moderate levels. You must have a documented intellectual or developmental disability and be able to attend to personal care needs or provide a personal care attendant. You will meet new people and spend the week learning academic and life skills in a fun, supportive and safe environment. You will complete a new project each day reinforcing skills which you can take with you anywhere. You will also have the chance to explore what it looks like to be a student at Arapahoe Community College.
Mon-Fri, July 15-19, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $189

Mango Math Pre-Algebra I
Pre-Algebra made fun and easy! Each individual lesson offers visual and kinetic representation of math concepts that develop strong math knowledge like: ratio, fractions, percent, integers, expressions, factors, exponents, etc. Every lesson is a games or activity that fosters curiosity, discussion and growth through cooperation, collaboration and creative thinking. MANGO Math adheres to Common Core, TEKS and NCTM math standards and is researched based.
Mon-Fri, July 15-19, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $224

2 Week Summer High School Prep: Math for Incoming 9th Graders

Are you starting high school in the fall? Are you prepared to meet the new graduation guidelines for Math? This 2-week long program will help you feel prepared for high school Algebra by front loading the foundational concepts of Algebra I. This class is designed to shore up existing learning gaps in order for you to feel comfortable and confident in a high school level Algebra I course. Students will also be introduced to all of the new opportunities and challenges of navigating high school in a fun, safe and interactive environment. The time you take this summer to prepare for high school will help you be successful this fall!

Mon-Fri, July 22-Aug 2, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $200

3D Game Labs with Unity

Are you ready to take your game design skills to another level? With Unity, an industry-grade design software, aspiring game designers will learn level editing, 3D modeling, impactful gameplay creation, as well as how to utilize scripts and variables. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Mon-Fri, July 22-26, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $239

Mango Math Sports Pre-Algebra II

What better way to explore math than through sports! MANGO Math offers visual and kinesthetic representation of math concepts that develop strong math knowledge like: ratio, fractions, percent, integers, expressions, factors, exponents, through different sports. There are 17 separate sports from traditional football and basketball to equestrian and dance and much more. Every lesson is a games or activity that foster curiosity, discussion and growth through cooperation, collaboration and creative thinking. MANGO math grade level math kit adheres to Common Core, TEKS and NCTM math standards and is researched based.

Mon-Fri, July 22-26, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $224

Art & Science Exploration for Middle School Scientists

Science is all about exploration and discovery, so there is no better way to get excited about learning than with hands-on activities and science experiments. You will have a blast learning about the world around you while creating experiments that will put the power in your hands. Learn and grow with us this summer!

Mon-Fri, July 22-26, 8:30AM-12PM | Grades 6-8 | Littleton Campus
Course Cost: $204

Virtual Reality: The Future is Now

Embark on an EPIC adventure in virtual reality! In this cutting-edge camp, you will learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, and crafting memorable 3D experiences. At the end of the week, take home your first cardboard VR headset to show friends and family the new worlds you created. VR projects can be viewed on a website or a mobile device. Students do not need a mobile device to take the class, but to use the VR headset a camper will need access to an Android or Apple mobile device. Students will work in pairs or teams and VR projects will be available on a password protected Black Rocket website to share with friends and family.

Mon-Fri, July 22-26, 12:30-4PM | Grades 6-8 | Littleton Campus
Course Cost: $256
**JUNE 17-21**

**Young Authors**
Love to write? This is a great opportunity for learning or sharpening existing writing skills across different genres and topics. Students will explore writing as a tool for self-expression and engage in the full writing process of drafting, writing, revising, editing and publishing. There will be opportunities for writing in small groups along with individual guidance from the instructor. Join us for this exploration in writing and work to create a publication highlighting student work from the week.

Mon-Fri, June 17-21, 8:30AM-12PM | Grades 9-12 | Littleton Campus  
Course Cost: $199

**The Miracle of Communication**
Learn to better appreciate, understand, and apply interpersonal communication skills. Gain a greater understanding for emotional and intellectual filters in comprehending ourselves and others. Work in peer groups to formulate discussions and apply concepts to help prepare you for college and the future!

Mon-Fri, June 17-21, 12:30-4PM | Grades 9-12 | Littleton Campus  
Course Cost: $189

**JUNE 24-28**

**Urban Ecology**
Are you looking to boost your resume and college application? Learn about data tracking, identification, and synthesis as you participate as citizen scientists in local research done by universities in Colorado. Potential research topics would include bird counts, migration inventories, wildlife identification, or pollinator research.

Mon-Fri, June 24-28, 8:30AM-12PM | Grades 9-12 | Littleton Campus  
Course Cost: $189

**Algebra II**
Need a math review? You are not alone! Review functions, factoring, graphing quadratics, exponents and radicals, geometric and arithmetic sequences, logs and exponents and matrices. Bring a calculator.

Mon-Fri, June 24-28, 12:30-4PM | Grades 9-12 | Littleton Campus  
Course Cost: $189

**JULY 8-12**

**Seven Habits of Highly Effective Teens 2 Week Camp**
Based on the book, “Seven Habits of Highly Effective Teens” by Sean Covey, learn organization strategies that will not only benefit your studies, but also your life. Explore some possibilities for improving your personal space to make room for more clear school goals. Improve your schoolwork by organizing your thought patterns and structuring your work habits. Focus on simplifying your life and keeping your attention on what is really important for your success.

Mon-Fri, July 8-19, 8:30AM-12PM | Grades 9-12 | Littleton Campus  
Course Cost: $391

**Drawing for Cartooning and Manga**
Do you like to draw? Learn how your imagination comes alive and discover the methods of drawing behind cartooning and manga. Create your very own character as you discover how to convey shape, style, color, action and humor. Discover storytelling conventions utilized by professional illustrators while exploring the rich Japanese art form of manga and how to draw in this dynamic style.

Mon-Fri, July 8-12, 12:30-4PM | Grades 9-12 | Littleton Campus  
Course Cost: $189

**JULY 15-19**

**ACC’s MakerSpace All Day Camp**
Do you like to build stuff with your hands? ACC’s Makerspace will provide a hands-on, experimental learning space for construction management, studio art, STEM, and engineering graphics for students to create original prototype pieces of art. The space will include woodworking tools, electronics, 3D printers/scanners and miscellaneous hand tools. This is an all day camp.

Mon-Fri, July 15-19, 8:30AM-4PM | Grades 9-12 | Littleton Campus  
Course Cost: $398

**JULY 22-26**

**SAT English: Improve Your Scores**
Reduce your anxiety about the SAT! Learn or enrich the skills needed to score highly on the SAT critical reading and writing section. Students will be given 40 SAT words daily, as well as learn test-taking strategies.

Mon-Fri, July 22-26, 8:30AM-12PM | Grades 9-12 | Littleton Campus  
Course Cost: $189

**SAT Math: Improve Your Scores**
Our motto is “control the test and don’t let the test control you.” Cover over 50 math concepts in Arithmetic, Algebra, Geometry, and Probability while learning test-taking strategies.

Mon-Fri, July 22-26, 12:30-4PM | Grades 9-12 | Littleton Campus  
Course Cost: $189

**Life Skills**
An incredibly useful class focusing on Self-Management skills, Verbal and Nonverbal communication, listening, etiquette, and confidence. Prepare yourself to become a functional member of the community by acquiring the skills to be a successful person.

Mon-Fri, July 22-26, 8:30AM-12PM | Grades 9-12 | Littleton Campus  
Course Cost: $189

**Easy and Fun 3D Printing**
Watch your ideas come to life through 3D Printing! Join us to learn about 3D printing technologies and how they are used. Discover different materials and print settings, slicing software and gcodeing and modifying existing designs to create your own designs from scratch. Students will be introduced to the software tinkercad, solidworks, and autocad for 3d modeling revision and design as well as open source model sharing websites such as “thingiverse” and “Grabcad”. Take home samples of your work to show your family and friends!

Mon-Fri, July 22-26, 12:30-4PM | Grades 9-12 | Littleton Campus  
Course Cost: $204
WHAT YOU NEED TO KNOW . . .

LOCATIONS
You can find maps of Arapahoe Community College facilities at arapahoe.edu/wcp and click on the location, maps, and parking link on the left side bar. You will also find detailed building maps showing classroom locations.

ACC LITTLETON CAMPUS
5900 South Santa Fe Drive, Littleton, 80120
Take Santa Fe, turn east on Church Avenue; or take Broadway to Littleton Boulevard, go west to Prince, go south on Prince to Church

ART & DESIGN CENTER
2400 West Alamo Street, Littleton, 80120
Littleton Boulevard to Prince, south on Prince. The center is on the SW corner of Prince and Alamo in Downtown Littleton.

OTHER LOCATIONS
Addresses for other locations are indicated with the class information.

OFFICE HOURS
Our office hours are Monday through Friday 8 a.m.-5 p.m. However, you can contact us through voice mail and e-mail 24 hours per day. We will contact you during our office hours.

POLICIES/OTHER INFO

BOOKS AND MATERIALS
Some courses require a textbook. You may contact the ACC Bookstore at 303.797.5676 for more information or click on the book material link on the Workforce and Community Programs home page. Bookstore is located on the first floor of the main campus building. Some courses require a material fee which is payable to the instructor. This helps cover the cost of supplies, extra printing, insurance, or other items. Information regarding material fees is included with the course description.

VISION/MISSION
The Workforce and Community Programs Program strives to develop and provide creative, innovative programs, courses, and services for lifelong learners to meet personal and professional goals.

ACCOMMODATION
Reasonable accommodation will be provided upon request for people with disabilities. If you are a person with a disability who requires an accommodation to participate in the program, please notify the Workforce and Community Programs Program, 303.797.5722, a minimum of 30 days prior to the starting date of the course.

DRUG AND ALCOHOL PREVENTION PROGRAM
Information and policies are available on the Web site and in the ACC Student Life Office, Room M2820. ACC supports the efforts of local, state and federal governments in promoting a drug free America, pursuant to Public Law 101.

EQUAL OPPORTUNITY
ACC does not discriminate on the basis of race, sex, creed, color, age, national origin, sexual orientation, religion, veteran status or individual disability, in admission or access to, or treatment or employment in, its programs and activities. Inquiries concerning Title VI, Title IX, and Section 504 and the Americans with Disabilities Act may be referred to the Human Resource Office, 5900 S. Santa Fe Drive, Room CSB 1005, Littleton, CO, 80160, Phone 303.797.5724, or the Office for Civil Rights, U.S. Dept. of Education, 1961 Stout Street, Denver, CO, 80230.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT
ACC complies fully with FERPA, which affords students certain rights with respect to their education records, including protecting the privacy of, and insuring the right to inspect and review, the records. More information is available in the Office of Admissions and Records, Room M2470.

CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT
The Clery Act report is available on the ACC Web site or in the Campus Police Office, Room M2600. A list of sexual offenders in the area can be obtained through the Littleton Police Department.

WHO MAY ENROLL?
Anyone over 18 years of age may enroll in courses. High school graduation is NOT necessary. Students under the age of 18 may enroll in some courses with some restrictions and permission of the instructor prior to the start of a course unless noted otherwise. Younger students should refer to offerings in the Youth College section of the schedule. Any other exceptions are noted in the course description.

STUDENT RIGHTS, FREEDOMS AND RESPONSIBILITIES
Through its procedures, Arapahoe Community College (ACC) ensures the rights of all its students to pursue their educational objectives. The ACC community includes students who are enrolled in ACC courses for credit or non-credit courses, including Workforce and Community Programs Courses. The ACC community also includes faculty, staff, administrators and guests.

A student is subject to two sources of authority: College authority and civil-criminal authority. ACC also expects students who are enrolled in specialized programs to follow the standards specified in their respective program handbooks (e.g., Nursing, Law Enforcement Academy and Emergency Medical Technician).

Judicial processes, including code of conduct, academic misconduct statement and grievance procedures are stated in the ACC Student Handbook. The Handbook is available online. An alternate format of the Student Handbook can be obtained through the Student Life Office, Room M2820. For answers to specific questions, contact the Associate Dean of Judicial Affairs and Support Services.

ROOMS
Room assignments for classes held at the ACC campus will be included with your parking permits. If there are any changes, we will contact you by phone or e-mail.

PARKING-LITTLETON AND PARKER CAMPUSES
Temporary parking permits are required to park in the ACC Littleton and Parker lots. A permit will be e-mailed to you, valid for the time you attend class. It is imperative that you display the temporary permit on your dashboard; otherwise you will be ticketed. If you do not receive a permit, park on the side streets around the campus. On the Littleton Campus, short-term parking is available on selected side streets around the College for either two or four-hour time limits. Make note of the time limit signs for these designated spots. Permits will not be required for these parking spaces; however, parking limits will be strictly enforced and you will receive a ticket if you are in violation.

RTD LIGHT RAIL
Light rail service is provided within one block from the Littleton Campus at the Littleton Downtown Station.

REGISTRATION TIPS AND PAYMENTS
We do not pro-rate course tuition and/or fees for late registrations. We cannot guarantee enrollment in every course until your registration is processed. Some courses are limited in size, so we encourage you to register early. Note that payments you make, either by check or credit card, may take a couple of weeks to appear on your financial statements. You are required to meet any financial obligations to ACC for any class for which you enroll and pay. If a payment is returned due to insufficient funds or incorrect credit card information, a college representative will contact you via phone and email. If ACC is unable to secure your payment in a timely fashion, your account will be sent to state collections. The full agreement can be found at arapahoe.edu/comedagreement.

CONFIRMATIONS
CONFIRMATIONS ARE NOT SENT SO PLEASE MARK YOUR CALENDARS WITH COURSE DAYS/DATES/TIMES/PLACE. However, if there is a change in your course status or a course is canceled, we will call you.

COURSE CANCELLATION
We reserve the right to cancel a course or change the date, time, and/or location. We will call you if a course has been canceled or if there is a course change. Courses may be canceled if there is insufficient enrollment, so please remember to register early.

REFUNDS
No refunds will be made during or after a course has been held. Some courses have special refund policies. That information is provided within the course description. For special circumstances please contact the Workforce and Community Programs office at 303-797-5722.

IF YOU PAY BY CHARGE/CREDIT CARD, you are eligible for a refund back to the original card provided the card is still valid and the payment is not over 184 days old.

IF PAID BY CHECK, REFUNDS WILL BE SENT IN THE FORM OF A CHECK FROM THE STATE OF COLORADO. Refunds are sent to the person who is registered for the course, which may differ from the person who paid for the course, unless other arrangements are made. DO NOT STOP PAYMENT.

IF WE CANCEL A CLASS, a full refund will be sent to you via a check if you paid by a check or refunded to your credit card if you paid using a credit card. Refunds may take up to 2 weeks to be processed.

REGISTRATION INFO

ONLINE
It’s fast, secure, easy, and no waiting for phone calls to be returned when our office staff is busy!
Register online at arapahoe.edu/wcp. Use the shopping cart feature which links to our secure registration page.

MAIL IN
Send the registration form, along with a check payable to Arapahoe Community College or your credit card number and expiration date. DO NOT SEND CASH. Mail to Workforce and Community Programs, 5900 S. Santa Fe Drive, Littleton, CO 80120.

WALK IN
Visit our office, A1215 in the Annex Building, in the NE corner by the tennis courts, Monday-Friday, 8 a.m.-5 p.m. Register with check or credit card (MasterCard, VISA, American Express or Discover). You may also leave your registration in the drop box on the Workforce and Community Programs office door anytime the college building is open, Monday-Sunday. We do not accept cash.

PHONE IN
For credit card registration only, call 303.797.5722 Monday-Friday, 8 a.m.-5 p.m. If our line is busy, leave us a message. We will return your call as soon as possible, usually the same business day. We want to give you the same amount of time on the phone as we do our other customers, so please be patient. After 5 p.m., you may leave us a message on our 24-hour voice mail system. We will return your call the next business day.

RELAY COLORADO
Call the ACC TTY 1.800.659.2656

COLLEGE CLOSURE
Courses held at the public schools will follow public school closure postings. Courses at other locations will follow the College’s closing schedule. Call 303-797-4222 for the College’s closure status. Check the ACC website. Additionally, listen to local radio and television stations.

A Note from the Director,

I’ve always loved this quote from Mark Twain, “Age is an issue of mind over matter. If you don’t mind, it doesn’t matter.” I haven’t always been able to put this into practice, but it’s a nice reminder every now and again to let go, try something new, and move forward. This summer we are encouraging the entire family to climb to new heights. Our Summer Youth Camp program is filled with many new offerings and our adult program is packed with our most popular courses. We hope that you find a course or two that will help you learn a new skill, nurture a hobby, or give you some time away from the day to day. We look forward to seeing you on campus this summer. Come climb with us!
