**WAITLIST REGISTRATION** Effective for the Summer 2013 semester, ACC is implementing an automated notification for students who have signed up on a waitlist for a course (for those limited courses at ACC with a waitlist). When a spot opens in the course, the next student on the waitlist will receive a Registration Notification email (to their student email account ONLY). That student has 48 hours from the Registration Notification email date/time to register in the course. If the student does not register within the 48 hour timeframe, they are dropped from the waitlist and lose their spot. ## LEGAL NOTICES

[RETURN TO TOP](#)

The College will also provide a copy of this information including a full report of the institution's graduation rate and the Annual Security Report if requested.

### ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Requests for academic accommodations can be made by contacting the Disability Services Office at 303.797.5937.

Accommodations for student activities and events will be provided upon request. Persons with disabilities who require an accommodation to participate in a student activity should notify the Student Affairs Office (303.797.5668) at least three working days prior to the event.

Inquiries or specific complaints of alleged disability-related discrimination or harassment should contact the Human Resources Director, Ms. Angela Williams (303.797.5715) or the Associate Dean of Judicial Affairs and Support Services, Ms. Heather Wilcox (303.797.5674), Arapahoe Community College, 5900 S. Santa Fe Drive, Littleton, CO 80120.

### INSTITUTIONAL ACCREDITATION

Arapahoe Community College is accredited by The Higher Learning Commission. The Commission can be reached at 312.263.0456 or by accessing the Website at <http://www.ncahlc.org/>. The College operates under the jurisdiction of the Community Colleges of Colorado. ACC students regularly transfer credits to state colleges and universities within Colorado. Transfer information is available in the Academic Advising Office, Room AM2010.

### DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM

#### The Law

Arapahoe Community College is a state system community college governed by the State Board for Community Colleges and Occupational Education. Board Policy requires the College to comply with the Drug Free Schools and Communities Amendments of 1989 (PL 101 226 in Federal law). A copy of this law is on file in the Human Resources Office for your reference. The Drug and Alcohol Abuse Prevention Program includes:

Use, being under the influence, manufacturing, possession, cultivating, distribution, purchase, or sale of alcohol and/or drugs (illegal and/or dangerous or controlled substance) and/or alcohol/drug paraphernalia while on college owned or college controlled property, and/or at any function authorized or supervised by the college and/or in state owned or leased vehicles.

*Note: Although possession and use of marijuana consistent with the requirements of the Colorado Constitution is no longer a crime in the State of Colorado, the possession and use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana continues to be prohibited while a student is on college owned or college controlled property, and/or any function authorized or supervised by the college and/or in state owned or leased vehicles.*

### Legal Sanctions

There are legal sanctions for violations of the Code of Conduct. Any student convicted of the unlawful manufacture, distribution, dispensation, possession, use or abuse of illicit drugs or alcohol is subject to criminal penalties under local, state or federal law. These penalties range in severity from a fine of \$100 to \$8,000,000 and/or imprisonment. The exact penalty assessed depends upon the nature and severity of the individual offense.

### College Penalties

The College will issue sanctions against students who violate the Code of Conduct. Violators will be subject to disciplinary action under student disciplinary policies. Sanctions include, but are not limited to, probation, suspension or expulsion from the College or probation, suspension or termination of employment; and referral to authorities for prosecution, as appropriate.

### Health Risks

Many health risks are associated with drug and alcohol abuse. Risks include: malnutrition, brain damage, heart disease, pancreatitis, cirrhosis of the liver, mental illness, death, low birth-weight babies, and babies with drug addictions. Personal relationships, family dynamics, ability to work and study are also at risk. Drug and Alcohol Abuse Prevention Program information and counseling resources are available through the Student Affairs Office and Human Resources.

### Illegal Substances

A controlled substances schedule is on file in the Student Affairs Office (Room M2820). Illegally possessing, using, distributing or manufacturing any narcotic, dangerous drug or controlled substance as classified by federal, state, and local laws or appearing on campus while under the influence of any illegally-obtained narcotic, dangerous or controlled substance is a crime and violation of the Student Code of Conduct.

### Amendment 64 Information

In November 2012, Colorado voters passed Amendment 64 to the Colorado Constitution. This amendment changed Colorado law to allow people 21 or over to cultivate, consume and possess limited amounts of marijuana in private, not in public. In light of the public nature of our campuses, any marijuana use or possession on campus would run contrary to this restriction. This amendment does not alter existing policies at Arapahoe Community College prohibiting the possession, use, and distribution of marijuana by students, employees, and all visitors on College property.

### Referral Resources

Referrals for counseling, treatment, rehabilitation and re-entry programs are available through the Student Affairs Office for students and Human Resources for employees. Individuals may also search online for private and community-based programs as well as telephone directory listings found under "Alcoholism Treatment" and "Drug Abuse Information and Treatment." For more information contact Student Affairs Office at 303.797.5668 or Human Resources at 303.797.5741.

### FAIR AND ACCURATE CREDIT TRANSACTIONS ACT (FACTA)

In accordance with the Fair and Accurate Credit Transactions Act (FACTA) of 2003, Arapahoe Community College adheres to the Federal Trade Commission's (FTC) Red Flag Rule (A Red Flag is any pattern, practice, or specific activity that indicates the possible existence of identity theft.), which implements Section 114 of the FACTA and to the Colorado Community College System's Identity Theft Prevention and Detection Program, which is intended to prevent, detect and mitigate identity theft in connection with establishing new covered accounts or an existing covered account held by the Colorado Community College System (System or CCCS) or one of its thirteen (13) community colleges, and to provide for continued administration of the Program. If a transaction is deemed fraudulent, appropriate action will occur. Action may include, but is not limited to, cancelling of the transaction, notifying and cooperating with law enforcement, reporting to the Student Code of Conduct Office, and notifying the affected parties. For more information on FACTA, Red Flag Rules, and Identity Theft Consumer Information, please see the links provided below.

## GRIEVANCE AND APPEAL PROCEDURES

[RETURN TO TOP](#)

If you are taking any Arapahoe Community College courses, and you have a complaint about your experience with Arapahoe Community College, you have two options:

1. You can follow [Arapahoe Community College's process for student complaints](#) or you may also contact the [Higher Learning Commission](#), which is Arapahoe Community College's accrediting agency.
2. If you are residing outside of Colorado while attending Arapahoe Community College, in many cases you can file a complaint in the state where you are residing. The State Higher Education Executive Officers Association <http://www.sheeo.org/> can provide you with state agencies that manage the student complaint process.

Before exercising either of the above options, students should be aware that most, if not all, external complaint processes require the student exhaust all of the institution's internal complaint procedures prior to considering the review of a grievance.

## NON-DISCRIMINATION STATEMENT

Arapahoe Community College prohibits all forms of discrimination and harassment including those that violate federal and state law or the State Board for Community Colleges and Occupational Education Board Policies 3-120 or 4-120. The College does not discriminate on the basis of sex/gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion, genetic information, gender identity, or sexual orientation in its employment practices or educational programs and activities. Arapahoe Community College will take appropriate steps to ensure that the lack of English language skills will not be a barrier to admission and participation in vocational education programs.

The College has designated Angela Williams, Human Resources Director, as its Affirmative Action Officer/Equal Opportunity Coordinator/Title IX Coordinator with the responsibility to coordinate its civil rights compliance activities and grievance procedures. For information, contact Angela Williams, Human Resources Director at 5900 S. Santa Fe Drive, Littleton, CO 80120, telephone 303.797.5715.

You may also contact the Office for Civil Rights, U.S. Department of Education, Region VIII, Federal Office Building, 1244 North Speer Boulevard, Suite 310, Denver, CO 80204, telephone (303) 844-3417.

Sexual assault protocols and victims' rights provisions are described on the [ACC website](#). Victims are encouraged to report and help is available.

Sex offender information is available at [Colorado's Convicted Sex Offender website](#).

Open police logs are available at the Campus Police Department. The Campus Police Department will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff.

To report crimes, violations, accidents, suspicious persons and incidents to the Campus Police Department, dial extension 5800 from any campus phone or 303.797.5800 from an external phone line. If there is no immediate answer, dial 9-111 from an on-campus phone or 911 from an external line or cell phone.

## PUBLIC INFORMATION AND THE SECURITY OF YOUR STUDENT RECORDS (FERPA)

The Family Educational Rights and Privacy Act (FERPA) of 1974 restricts the release of student information to the public without the consent of the student, except for directory information. Directory information includes name, number of credits currently taking or completed, dates of enrollment, major, degrees earned and honors earned. The Solomon Amendment requires institutions receiving federal funds to provide additional directory information that includes address and phone numbers of enrolled students to the US Military. If a student does not wish the College to release the directory information, a Confidential Hold form must be completed and returned to Information Central. A student who has requested restricted release of information cannot perform any personal business with ACC over the phone. These students must conduct all of their business in person. This includes, but is not limited to, using telephone registration and grading, calls from the student's family, child's school or daycare, etc. For emergency purposes, contact the Registrar directly at 303.797.5623 for special accommodations. A complete copy of the ACC Student Records Procedures (AP4-40) may be obtained from the Office of Admissions & Records.

## SEX OFFENDER REGISTRY

Information concerning persons who are required by Colorado law to register as sex offenders may be obtained from the Littleton Police Department, Records Division, 2255 West Berry Avenue, Littleton, CO 80165, 303.795.3880, or the Arapahoe County Sheriff's Department, Records Division, 13101 E. Bronco Pkwy. Blvd., Centennial, CO 80112, 303.795.4780, or on the [Colorado Convicted Sex Offender website](#).

[SMOKING POLICY](#)

[RETURN TO TOP](#)

Smoking, including vapor cigarettes prohibited in all College buildings as directed by the Governor's Executive Order D0036 90. Smoking is also prohibited at all doorway entrances. Specified outdoor smoking areas have been indicated on campus maps located around the building. Smoking is prohibited within 25 feet of doorways and buildings.

[STUDENT RIGHT-TO-KNOW](#)

In accordance with Title I of Public Law 101-542, information about graduation rates is available on the ACC Website or from the Office of Institutional Research; additional graduation data is also available at the Colorado Department of Higher Education Website.

[U.S. COMMUNICABLE DISEASES](#)

On the basis of current information from the American College Health Association, the National Centers for Disease Control and the Colorado Department of Health, there are numerous reportable communicable diseases (i.e., measles, Rubella, Varicella, Hepatitis) which can infect individuals through various methods of contact and can represent a public health threat to the campus community. Accordingly, exclusion from campus academic, social or cultural activities of those individuals who can infect other individuals may be appropriate.

[VOTER REGISTRATION INFORMATION](#)

ACC fully supports and advocates that students and staff register to vote. Voter Registration forms are available at the Student Affairs Office, Disability Services Office and on the Colorado Secretary of State Website at <http://www.elections.colorado.gov>.

## AUTOMOTIVE SERVICE TECHNOLOGY

Automotive Service Technology may be reached at 303.797.5846 or automotive@arapahoe.edu. All new and continuing students are required to meet with Jerry Viola, Director of Automotive Technology, to be signed into class. Students must provide a Motor Vehicle Record (MVR), criminal background check, and a satisfactory urinalysis check. Students are required to be employed in the automotive field while they are attending classes. This program includes ASE certification or manufacturer-specific training. Each class requires 5-45 additional hours of hands-on and/or web-based training (under supervision of Instructor) in addition to scheduled class hours for certification purposes.
